

CREATING YOUR

go.Feis

ACCOUNT

go.Feis

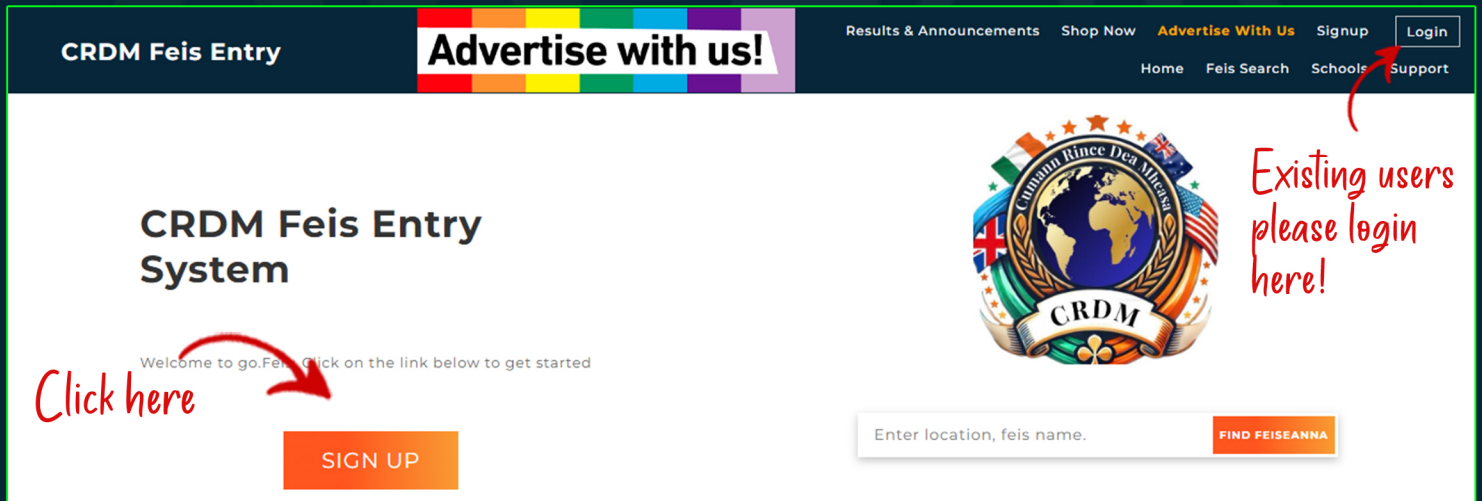

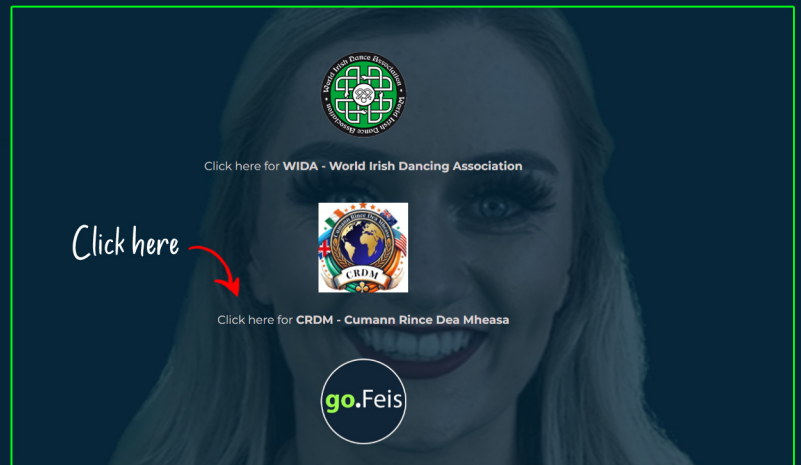

Step 1 - Visit The GoFeis Site

Click the link below and visit our page

<https://www.gofeis.net/>

Click here

Select the CRDM option on our home page

Click the orange signup box as highlighted in the picture above.

Existing users do not need to sign up again. Simply login to your account and you are good to go.

If you can't remember your password then click the 'forgotten password' option from the login page and follow the instruction to reset it.

Step 2 - Create An Account

There are 4 different types of account on GoFeis. Begin by creating a 'Family' account by using the parent/guardian's email address.

If you are a dance teacher then you should create a 'Teacher' account - not a 'Family' account. If you are an adult category dancer with no other family members that dance, please create a 'Dancer' account - not a 'Family' account.

Please note that an email address can only be used once to create an account on GoFeis.

Create an account

Please create an account for entering events!

Adding Dancers From Parent/Teacher Accounts

Once you have created your family account you will need to add your dancers in order to enter them into an event.

Please note it is possible for teachers to add dancers also and the process for this is the same as shown below.

For those who have created a dancer account, you do not need to add dancers.

From your account choose the 'my profile' option from top right of screen, then 'Add Dancer'. Then follow the onscreen instructions.

The screenshot shows the GoFeis website interface. At the top, there is a navigation bar with links for 'Home', 'My Parent Profile', 'My Feiseanna', 'Feis Search', 'Schools', and 'Support'. A 'Logout' button is also present. Below the navigation bar, there are buttons for 'Enter Dancers to...', 'Add Dancer +', and 'Export'. A table with columns for 'Age', 'DOB', 'School', 'Organisation', and 'Action' is visible, with a red arrow pointing to the 'Add Dancer +' button and the text 'Click here'. A modal form titled 'Add Dancer' is open, containing the following fields: 'Username', 'Re-enter Username', 'First name', 'Last name', 'Gender', 'Date of birth (Year, Month, Day)', 'Select school', 'Select Country', 'Password', and 'Confirm Password'. A red arrow points to the 'Add Dancer +' button with the text 'Click here'. A red arrow points to the 'Username' field with the text 'You can either use the dancer's email address or create a username for them. Please note that if using an email address that it must be a different email address from one that has already been used on GoFeis.'. A red arrow points to the 'Date of birth' section with the text 'Please ensure that the date of birth is correct as this can only be changed by the GoFeis admin staff by request'. A red arrow points to the 'Password' field with the text 'Create a password for the dancer. Once the new dancer account has been created the dancer can login to the account using their email/username and password.'. At the bottom of the form, there is a 'Create Account' button and a note: 'By registering you confirm that you accept the [Terms and Conditions](#) and [Privacy Policy](#)'.

You can either use the dancer's email address or create a username for them. Please note that if using an email address that it must be a different email address from one that has already been used on GoFeis.

Please ensure that the date of birth is correct as this can only be changed by the GoFeis admin staff by request

Create a password for the dancer. Once the new dancer account has been created the dancer can login to the account using their email/username and password.

Step 3 - Check Dancer Details

Please check that you have entered the details of your dancers correctly.

From your profile page select 'manage dancers'

If all details are correct then you are now able to enter events! Thank you and good luck!

Dance Teachers Whose Own Children Compete

If you are a teacher who wants to enter your own children then you do not need to have two separate accounts on GoFeis. You can enter your own children via your teacher account. Please follow the steps below to add your own children to your teacher account.

If your own child or children dance for a school other than your own school then you should create a family account and add your children via this account.

The screenshot shows the GoFeis website interface. At the top, there is a navigation bar with links for 'Home', 'My Parent Profile', 'My Feiseanna', 'Feis Search', 'Schools', and 'Support'. A banner at the top left promotes Irish dance music. The main content area features a table with columns for 'Age', 'DOB', 'School', 'Organisation', and 'Action'. A red arrow points to the 'Add Dancer +' button, with the text 'Click here' written next to it. A modal window titled 'Add Dancer' is open, containing the following fields: 'Username', 'Re-enter Username', 'First name', 'Last name', a gender selection dropdown, a date of birth selector (Year, Month, Day), 'Select school', 'Select Country', 'Password', and 'Confirm Password'. A red arrow points to the 'Add Dancer +' button, and another red arrow points to the 'Password' field. Three callout boxes provide additional instructions: one about using email or a username, one about the date of birth, and one about creating a password.

Create Account

You can either use the dancer's email address or create a username for them. Please note that if using an email address that it must be a different email address from one that has already been used on GoFeis.

Please ensure that the date of birth is correct as this can only be changed by the GoFeis admin staff by request

Create a password for the dancer. Once the new dancer account has been created the dancer can login to the account using their email/username and password.

Once you have added your own children via your teacher account you will need to make sure they are 'linked' so that any discounts or reduced fees can be applied to them. Please follow the instructions on the next page

Click the 'my profile' option from the top right of the screen then select 'manage dancers'
Find your child and click the family link button as shown below
