# TRADES & ENGINEER RECRUITMENT

Automation : Elevators : Manufacturing : Material Handling : Supply Chain : Warehouse

---

## Josh

- Parramatta
- Maintenance Electrician
- \$106K + Super
- OK to do Rotating Shifts

## Summary

Fitter / Machinist, 23 Yrs install, trouble shooting, repair, maintenance and operation of production, manufacturing and packaging equipment and plants. Tobacco, Food & Beverage, Building Products, Construction, Paper, Pharmaceuticals, Pumps, Recycling

## Skills

- Install, service and maintenance of Pharmaceutical Machinery Including Compression, Encapsulation, Washers, Bottling, Packaging, Driers, Shrink Wrappers, Bottling, Vibrating, Conveyers
- Overhaul & rebuilds Of Pumps including Hydraulic, Pneumatic, Centrifugal, Piston, Submersible Valves, Hydraulic Cylinders, Gearboxes
- Restricted Electrical Work
- Fabrication Work
- Machining Parts Using Lathe and Mills
- Welding Using MiG, Stick, Tig and Oxy Cutting
- Commissioning And Installation of Machines
- Maintain And Operate High Speed Can Making Machines
- Automated Packaging System, Chemical Treatment, Conveying, Hydraulic/Pneumatic Equipment
- All Toolroom Machining Work •Conducting Training And
- Train Production Team
