

UNCERTAINTY

PRINCIPLE

PHOTONS ARE THE LEAST UNDERSTOOD OF THE QUANTUM PARTICLES/VORTICES.

WE DON'T HAVE ANY IDEA WHAT THEY ARE.

QUARKS ARE GIANT COMPARED TO PHOTONS.

BUT UNSTABLE ON THEIR OWN.

THE UNCERTAINTIES OF THE QUANTUM REALM

DENY US CERTAINTY OF REALITY ITSELF.

CERTAINLY THE PHOTON WHICH IS MASSLESS AND MYSTERIOUS

REGARDING TIME ITSELF, ANOTHER ELEMENT OF EXISTENCE

THAT IS NOT UNDERSTOOD, SUGGESTS WE NEED A....

UNCERTAINTY

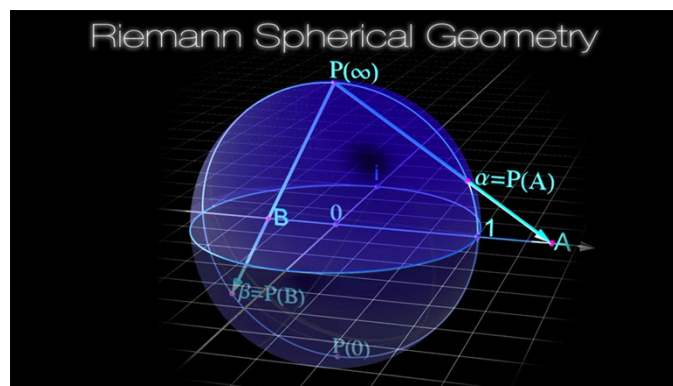

PRINCIPLE

THEY'RE LOOKING NOW FOR A NEW THEORY OF GRAVITATION CALLED LOOP QUANTUM GRAVITY BECAUSE GENERAL RELATIVITY HAS BEEN PROVEN TO BE 96% WRONG. THAT'S A "4" ON A COSMIC EXAM. NOW BECAUSE OF QUANTUM UNCERTAINTY WITH PHOTONS WE NEED ANOTHER LOOP: LUP

THE LUMINAL UNCERTAINTY PRINCIPLE TO BRING RATIONALITY BACK TO FUNDAMENTAL PHYSICS. LIGHT IS VERY FUNDAMENTAL TO EXISTENCE AND CAUSALITY ITSELF THEY SAY AND THOUGH WE USE IT ALL THE TIME GREAT MYSTERY REMAINS HIDDEN BEHIND OBSCURE MATH.

THE TRUTH MAY BE THAT IT IS IMPOSSIBLE TO KNOW LIGHT'S SPEED BECAUSE INTERACTIONS WITH ATOMS DETERMINE OUR MEASUREMENT RESULTS.

LIGHT IS SO UNCERTAIN IN DOUBLE SLIT EXPERIMENTS THAT THEY DON'T EVEN KNOW "WHEN" IT IS LET ALONE WHERE. HOW CAN THEY KNOW ITS VELOCITY WITH TIME SO UNCERTAIN AND DEFINITE UNCERTAINTY ABOUT LOCATIONS OF PHOTONS? ADD TO THAT THE FACT THAT MATTER INTERFERES INHERENTLY WITH LIGHT AT THE POINTS OF DETECTION AND THAT MYSTERIOUS RETROTEMPORAL PHOTONS ARE SOMEHOW LAYED DOWN IN THE PAST AFTER DETECTION LEAVING TRACKS IN THE PAST TO JUSTY WHERE THE PHOTONS WERE DETECTED BEFORE THE RETROTEMPORAL TRACKS ARE MYSTERIOUSLY "PLACED" IN THE TEMPORAL RECORD. THEY DON'T KNOW HOW FAST LIGHT IS ACTUALLY GOING BEFORE DETECTION. AND ANOTHER POINT NEARLY EVERYONE HAS BEEN MISSING: LIGHT SPEED IS ONLY CONSTANT IN RIEMANN GEOMETRY BUT CHANGES IN 3D GEOMETRY, EUCLIDEAN NORMAL GEOMETRY.

AND TO ALL THIS UNCERTAINTY THE FACT THAT RESPECTED PHYSICISTS NOW SUSPECT THE SPEED OF LIGHT HAS NOT BEEN CONSTANT OVER TIME. THERE'S THE TIME THING AGAIN.
