

**Miller  
Bags**

# Infection Control Laundry Bags

Benefits: Safety First!

- Puncture-resistant, durable and extremely strong(x2.5 strength HDPE by weight)
- Protects you from contaminated and soiled laundry by simply placing entire “bag of laundry” directly into washing machines preventing any direct contact and minimizing the risks to workers and the public
- Dissolves at different temperatures without leaving any residue on the laundry
- For use in the healthcare and hospitality industry e.g. hospitals, care homes and hotels and personal use.

**Aquapak.** A real solution to the world's plastic crisis.
