

Dedication for Excellence

Having the title of Miss Gay Oklahoma America, I understand the power of having a platform and using that platform to advocate for Non-Profit Organizations doing the work on the front lines for our disadvantaged communities.

As someone who has suffered bullying and suicidal ideations, I understand the importance of talking with someone, accessing mental health resources and building communities for those who need it.

In this realization, I am moved to join partnership with an amazing organization doing that work with an office in Oklahoma City: The Rainbow Youth Project!

Moving forward in my reign, as Miss Gay Oklahoma America 2025, I am dedicating and donating **25% of all of my tips** towards the Rainbow Youth Project USA. By doing so, it is in the hopes of making a small difference in the work that they do providing mental health care and suicide prevention to our state and countries LGBTQIA2SP+ youth.

If you would like to join me in helping the cause, please consider donating to their handles below!
