

## Informed Consent for COVID-19 Testing

### COVID-19 PCR Nasal Swab

The PCR Nasal Swab test detects the presence of virus and determines if you are currently infected with COVID-19. This test is for those with Covid symptoms such as a cough or fever, although some with Covid have no symptoms at all. Results back in 48-72 hours.

### COVID-19 Serology Antibody IgG Blood Test

The Serology Antibody test is to detect if you have been infected with COVID-19 in the past. The antibody test is for those who do not currently feel sick but want to find out if they have previously been infected and recovered from COVID-19. Results back in 48-72 hours.

### About Accuracy of Medical Testing

Medical Testing is not 100% accurate. Any test performed must be interpreted based on medical history and symptoms and should be reviewed with a physician who is knowledgeable in Covid infection.

### Acknowledgments

- a. I authorize Reliant personnel to collect samples for Covid-19 testing, either by nasal swab or blood draw.
- b. I authorize my test results to be disclosed to the County or State Health Department when it is required by law.
- c. I acknowledge that a positive PCR test is an indication that I must self-isolate and/or wear a mask or face covering in order to avoid infecting others.
- d. I understand that, as with any medical tests, there is a potential for inaccuracy, to either report that I am positive when in reality I am negative, or vice versa.
- e. I understand the testing does not replace treatment by a medical provider. I agree I will seek medical attention or treatment if I have additional concerns or if my condition worsens, regardless of the testing results.
- f. I consent to allow Reliant to email my COVID lab results to the email address documented below. I understand and agree that my results can be emailed to my private or work email without email encryption or added security.
- g. (For employees sent by their employer for testing): I authorize Reliant to disclose Covid test results to my employer.

### Financial Policy – Use of Insurance for Testing and or Treatment

Reliant Urgent Care accepts on-line reservations for patients who wish to use their private insurance or visits billed to their employer’s work comp insurance. We will attempt to authorize the visit in advance of your appointment, and call if there are any issues, we can foresee in advance. However, **patients are responsible for any visits denied by insurance carriers.** Denied visits will be billed at our cash rates of \$160.00 for PCR Nasal Swab and \$95.00 for Serology Antibody. By signing below, you agree to this financial policy and to reimburse Reliant for ANY denied visits either whole or in part.

**Tests to be Performed:**  COVID- Nasal PCR (Lab or Rapid)  COVID-19 Antibody IgG/IgM (Lab or Rapid)

**Patient Signature/Consent:** \_\_\_\_\_ **Date:** \_\_\_\_\_
