

#1 ACT

Strings of Life is the largest stringed instrument on the planet.

The body of the instrument rests on stage, with strings that travel out over the audience and can attach to various structures and architecture, showcasing the landscape of the instrument and literally enveloping onlookers below. Played with rosin-covered gloves, the performer runs their hands along the strings to create lush, vibrant tones similar to that of a cello.

#2 ACT

Original and currently the only DJ Drums in the world. They give the ability to remix and perform music live, in the most visual and energetic way ever seen on stage.

Taking over from your DJ and performs his own remixes of commercial dance tracks with big EDM drops, playing every part of his remixes live. When he strikes each pad it lights up and triggers a pre-programmed sound and graphic. The music you can hear is reflected in the mesmerising visual show.
