# Accessories

Part Number	Description
5316-01-Remote Double	Remote Controller for Double Acting Power Units, 2 Button, 19 Feet
5316-02-Remote-Single	Remote Controller for Single Acting Power Units, 2 Button, 19 Feet

# Warranty Policy

The Hyflow Controls power unit and other parts covered in this catalog are warranted for a period of (1) one year from the date of installation against any defect in material and workmanship which existed at the time of sale by Hyflow Controls Inc., according to the following provisions, subject to the requirements that the power unit must be used only in accordance with catalog and package instructions.

If during the warranty period the power unit fails due to a defect in any part in material or workmanship that existed at the time of the sale by Hyflow Controls Inc., the defective part will be repaired or replaced, at the discretion of Hyflow Controls Inc., at no charge, if the defective part is returned to Hyflow Controls Inc. with transportation prepaid. Authorization from your sales representative is required to initiate the warranty.

**WARNING:** The above warranty shall terminate if any alterations or repairs are made to the power unit other than at Hyflow Controls Inc.

The foregoing warranty is in lieu of all other obligations and liabilities, including negligence and all warranties of merchantability and suitability, expressed or implied, and state Hyflow Controls' entire and exclusive liability and buyer's exclusive remedy for any claim of damages in connection with the sale, repair or replacement of the above goods, their design, installation or operation. Hyflow Controls Inc. will in no event be liable for any direct, indirect, special, incidental or consequential damages whatsoever, and our liability under no circumstances will exceed the contract price for the goods for which liability is claimed.

Hyflow Controls Inc. is not liable for any repair related cost incurred to the buyer at any time if the repair is conducted by the buyer without written authorization from Hyflow Controls Inc.
