Dear Ms. Lotze and Cycling Without Age Associates,

I am writing to express my sincerest gratitude in leading the Cycling Without Age program for seniors with disabilities, as well as for extending the joys of your organization to Mr. Nick Sheesley. I was so touched to read the article about Nick, and how your program accepted him with open arms. Your generous decision reminds me of why I love representing Jefferson County – our communities will always get by during hard times because we have so many amazing people like yourself and the CWA associates who have stepped forward to help their fellow community members. Not only have the families whom you have helped through the program been touched by your kind charity, but many JeffCo residents who have heard about your actions have been inspired as well. This kind of story is the kind that moves others to pay it forward, especially during uncertain and difficult times like those that we have seen lately.

Thank you again, and I look forward to seeing what great things you do next. Please extend my gratitude to all of the volunteers who have been helping with the program as well.

Sincerely,
