

Greetings from the CWAL Board of Directors!

CWAL Volunteers,

As we cycle into our busiest season, we want to share some great news with you regarding our CWAL Tribute Garden within Hudson Gardens.

As you know, we created a monument that Hudson Gardens graciously and generously installed near the Lily Ponds. 19 customized bricks were installed last fall and another 9 have arrived and will be installed soon. There are already 5 additional bricks orders for the next round, with installation in late fall.

We are also pleased to announce that we have expanded our CWAL Tribute Garden with the addition of two benches. One honors the memory of Anna Moen, who lived a full 101 years and whose family paid for a bench. The other bench, paid through anonymous donations, pays tribute to our Executive Director, Barb Lotze, for her hard work and vision for our organization. We hope to add a third bench at some point.

Pilots and passengers, please be sure to enjoy our Tribute Garden when you're traveling through Hudson Gardens on a trishaw. Sit on the benches, have a picnic or just enjoy the serenity. Anyone with a connection to CWAL may purchase a brick customized for a person, event or favorite quote, and there are postcards outlining the process to order one.

Happy Trails,

Chris Wootten
Chair, CWAL

Tom Hollinshead
Vice Chair, CWAL
