ABOUT THE CARIFTA AQUATIC CHAMPIONSHIPS

The CARIFTA Aquatic Championships is a premier aquatics competition showcasing young athletes' talents from Caribbean nations. Established as part of the broader CARIFTA Initiative, the Championships provide a vital platform for swimmers aged 11 to 17 to compete at a high level, promoting athletic excellence and regional unity.

Held annually, the CARIFTA Aquatic Championships has grown steadily, attracting participation from numerous member countries and becoming a vital component of the region's sporting calendar. It is a competition and an opportunity for cultural exchange and camaraderie among athletes from diverse backgrounds. The Championships are designed to encourage the development of swimming at the grassroots level while facilitating the identification and nurturing of future aquatic stars. The event features a range of swimming disciplines, including Freestyle, Breaststroke, Backstroke, Individual Medley and Relay Events, allowing participants to demonstrate their skills and compete for individual and team honours.

The Championships have played an instrumental role in the success of many of the Caribbean's top swimmers who have gone on to compete at higher levels, including the Commonwealth Games, World Championships and the Olympics.

By advertising in the CARIFTA Aquatic Championships e-magazine, your organisation will support an esteemed event dedicated to youth development in aquatics and promoting healthy competition and regional solidarity. This partnership presents a unique opportunity to enhance your brand visibility and align with the values of excellence, commitment, and teamwork that define the spirit of Caribbean swimming.

Joining forces with the CARIFTA Aquatic Championships is a meaningful way to invest in the future of the region's sporting talent while fostering community engagement and support for young athletes pursuing their dreams.
