Full-Time

OSINT Professional – active TS/SCI required

Gnosis Solutions is seeking to fill a Journeyman Level OSINT Professional (collector/analyst) position to support a Federal client at Fort Bragg, NC.

Responsibilities

Work under limited supervision to support the collection, exploitation and analysis of publicly available information (PAI), to produce open source intelligence (OSINT). Specific responsibilities include:

- Conduct collection and exploitation of PAI via OSINT tools.
- Exploit social media, mass media, publicly accessible databases, gray literature and geospatial data.
- Produce Open Source Intelligence Reports (OSIRs), OSINT analytical products, and conduct social network analysis.
- Coordinate and collaborate with other intelligence disciplines to produce finished intelligence products, including threat assessments.
- Assess and provide recommendations on emerging OSINT tactics, techniques and procedures (TTPs).
- Respond accurately, and in a timely manner to Requests for Information (RFIs).
- Provide support to operational planning, technical papers, and other tasks as directed by the customer.
- Develop briefing materials as well as brief senior personnel and officers as needed.

Required Skills and Education – Journeyman Level

- 7+yrs demonstrated intelligence experience with a High School Diploma; 5+yrs demonstrated intelligence experience with an Associate Degree; or 3+years demonstrated intelligence experience with a Bachelor of Arts/ Science Degree.
- Strong writing and presentation skills.
- Demonstrated experience in a field related to OSINT research, collection management, or analysis or the exploitation of PAI or social media.

- Experience utilizing Commercial Off The Shelf (COTS) OSINT tools which include but are not limited to the Berber Hunter Tool Kit applications (e.g., SILO, SCRAAWL, Data Miner, or Babel).
- Prior military or government analytical training (e.g., all source, OSINT, SIGINT, HUMINT or GEOINT).
- Demonstrated knowledge of signature reduction as well as experience collecting and exploiting from the deep and dark web.

Preferred Skills and Education (Journeyman Level)

- Graduate of IC or Defense OSINT Training courses (e.g., DIA OS1, OSC 101, FBI OS101, Army OS301/OS302, CASO).
- Experience conducting intelligence analytical support for the Department of Defense or Intelligence Community.
- Knowledge of scripting languages and technologies, including Java, R Script, JEMA, and/or Python.
