

**Full-Time / Part-Time:**

Full-Time

**Senior OSINT Professional – Mandarin – TS/SCI eligibility**

Gnosis Solutions is seeking to fill a Senior level OSINT Professional (collector/analyst) position with Mandarin language skills to support a Federal client in the Quantico, Virginia area.

***Responsibilities***

Work under limited supervision to support the collection, exploitation and analysis of open sources of information, both English and Mandarin, to produce open source intelligence (OSINT). Specific responsibilities include:

- Conduct collection and exploitation of Publicly Available Information (PAI) via OSINT tools.
- Exploit social media, mass media, publicly accessible databases, gray literature and geospatial data.
- Produce Open Source Intelligence Reports (OSIRs), OSINT analytical products, and conduct social network analysis.
- Coordinate and collaborate with other intelligence disciplines to produce finished intelligence products, including threat assessments.
- Assess and provide recommendations on emerging OSINT tactics, techniques and procedures (TTPs).
- Respond accurately, and in a timely manner to Requests for Information (RFIs).
- Provide support to operational planning, technical papers, and other tasks as directed by the customer.
- Develop briefing materials as well as brief senior personnel and officers as needed.

**Required Skills and Education – Senior Level**

- 10+yrs demonstrated intelligence experience with a Bachelor of Arts/Science degree, or 8+yrs demonstrated intelligence experience with an MA/MS.
- Mandarin language capabilities of DLPT 3/3 or better.
- Strong writing and presentation skills.
- Demonstrated experience in a field related to OSINT research, collection management, or analysis or the exploitation of PAI or social media.

- Experience utilizing Commercial Off The Shelf (COTS) OSINT tools.
- Prior military or government analytical training (e.g., all source, OSINT, SIGINT, HUMINT or GEOINT).
- Demonstrated knowledge of signature reduction as well as experience collecting and exploiting from the deep and dark web.

***Preferred Skills and Education***

- Graduate of IC or Defense OSINT Training courses (e.g., DIA OS1, OSC 101, eOSINT, FBI OS101, Army OS301/OS302/OBC).
- Knowledge of cyberspace, information technology and communication networks.
- Experience conducting intelligence analytical support for the Department of Defense or Intelligence Community.
