

INGREDIENTS

Trillions of tiny particles processed 99% from extracts of natural plants such as coconut, grains, grass, sugar & peppermint plus safer surfactants documented as

**“Genotoxicity Free”
 (“Harmless to humans and animals”)**

The emerging science of **Nano Technology**

Nano Technology can replace every hazardous chemical cleaner in your home and business while unleashing the awesome power of quantum mechanics. Trillions of tiny particles quickly penetrate and dissolve dirt, fats, grime, grease, lipids, oils and soils, giving you exceptional hygienic conditions with no hazardous chemicals such as phosphates, parabens, sodium lauryl sulfates, triclosan, dioxane or artificial scents or colors.

Making caustic chemicals obsolete

___ Quart ___ Gallon ___ 55 Gallon Drum

HIGHLY CONCENTRATED

Dilution: 3 Oz per quart

DIRECTIONS

Dishes - Spray or immerse, rinse and dry.

Kitchen Surfaces - Spray generously, allow time to penetrate. Wipe or rinse away.

Floors - Spray or apply with a mop or similar tool. Rinse and let dry. Caution: slippery.

Bath - Clean sinks, showers, tubs, toilets and floors.
- Add 1 Oz weekly into the flush tank.

Pet Bath - Spray generously and rub into coat or add to bath water. Rinse and dry.

Windows - Dilute ½ teaspoon per quart. Spray and wipe.

Better Hygiene...Better Health

Hygienic Cleaners are non-toxic, readily bio-degradable, eco-friendly, bio-based, and contain no animal by-products.

They are non-abrasive, non-fuming, harmful residue-free and hypoallergenic.

*Enjoy Advanced Hygiene
Without Unhealthy Chemicals*
