

INTRODUCTION

In my car, a vineyard, and a cafe.

Hi, I'm Lisa. I am the host of the **I HAVE DREAMS DAMMIT!** Podcast. And yes, I have recorded podcast episodes in a vineyard, in my car, and in a cafe. I've also recorded episodes in a closet, at a friend's house when I was in town visiting, and in a hotel room. Why **Podcast Anywhere**? Well, one of the problems I had with my podcast when I first started, was finding the perfect place to record. My life is crazy and I'm always on the go. I kept missing out on great opportunities to record because my studio was at home and I wasn't. And so I created a mobile studio so that I can record ANYWHERE!

In my **I Have Dreams Dammit!** podcast, I help people who are pursuing their dreams to stay on the path and I encourage my listeners to keep going no matter what! My podcast has been a dream come true for me but not being able to record *anywhere* was a problem so I researched how I could have professional-sounding recordings *anywhere*, and I mean anywhere! And now I am sharing that knowledge with YOU in this course! Before you know it, you will be a podcast expert yourself. I am here for you if you have any questions so feel free to email me at podcastanywherecourse@gmail.com I invite you to join my membership website when it launches, TheSkyCafe.com, a 24/7 virtual cafe filled with downloadable pdfs & video mini-tutorials, community posts, and live Q&A sessions 2x a month - the first 50 **Podcast Anywhere Video Course** purchases receive 3 months of The Sky Cafe for FREE!
