

NOTICE

**Harrisons Bay Association
PO Box 464
Mound, MN 55364**

The Harrisons Bay Association has contracted to treat Curly Leaf Pondweed (CLP), an Aquatic Invasive Species in Harrisons Bay, Lake Minnetonka in 2023.

Harrisons Bay Association has requested from the Minnesota Department of Natural Resources a waiver of the requirement that the Association obtain the signatures of approval of owners of lakeshore property. The Harrisons Bay Association will notify property owners of the treatment through association email list, website postings and the association newsletter.

The treatment for this year, 2023:

1. The proposed date for treatment: April 1 through September 30, 2023
2. The target species for the treatment: Curly Leaf Pondweed and Eurasian watermilfoil, if needed
3. The method of control or product being used: EPA and MDA registered aquatic herbicides.
4. Request that treatment not occur adjacent to the landowner's property: If you desire that the treatment of Curly Leaf Pondweed not occur adjacent to your property, please notify the Harrisons Bay Association immediately at the following address and email address below:
