## President's Message

This responsibility for a monthly president's message is tough. Every month having to come up with something fun or inspirational that you guys haven't heard before is a challenge...and I'm only 7 months into my tenure!

I guess the good news is that I don't have to. Most of you have years of club experience and you know how this organization works. You know what to expect. You steer us away from bad ideas and recognize opportunities. You participate. You make fun and exciting events happen!

We had an extended ice cream tour on the 19th and a modified parade through Lakeview Village on the 3rd. It was a thrill to be driving around in a caravan of such beautiful cars. It was fun catching up with everyone over lunch and ice cream. It was exciting to watch and learn from those with experience how to get an overheated Model A back on the road.

None of this was precipitated by my random ramblings here in the newsletter. I suppose my goal should be less lofty. Maybe I'll just hold up a mirror in front of you and tell you what I see. It sure as hell inspires me.

Ahooooga On!

- John Smeltzer, President

Many thanks to JB Hodgdon for sharing the sad news last Friday that Dean Weller had passed away earlier that evening and the subsequent funeral arrangements for Friday, July 9th at 1:00 p.m. in Desoto, Kansas.

Joyce Tweedy forwarded the following from the Lawrence Antique Auto Club July newsletter: "George [Laupe] has fallen, and did some damage to his back. He and Marceil have moved to Presbyterian Manor, 1429 Kasold St, #107, Lawrence, KS 66049. George is able to get about a little but, since he and Marceil were falling, they decided to go to an assisted living facility." A get-well card was sent to George and Marceil to let them know that we are thinking about them.

## Refreshments

During the July meeting, we will be discussing restarting providing refreshments. Please plan to attend to join in the discussion.

## Brief Tech Talk on Overheating

There will be a brief discussion on the causes of overheating the Model A. There are several factors that will cause the Ford Model A to overheat. There are also some things that can be done to make it run cool. We will briefly discuss this topic at the July 26th meeting. Be prepared to share your experience.

Ed Jankowski

## Tours

We had a great turnout for our July 3rd Parade at Lakeview Village. We had 13- 14 cars and many people on the parade. We stopped at the three high rises so the residents could come out to see all the cars and visit with us. After driving through the complex we went back to the church parking lot for a group picture before heading to Zarda's for lunch. We filled the back room at Zarda's. I would like to thank Bill Carter and Bob Goodrich for helping with the arrangements for this outing.

Being July and August are our hottest months, I'm not planning any tours until the end of August. I'm hoping to have a day tour planned to a car museum for late August. I'm also working with Terry Richardson on a fall tour for September or October.

Justin has or is working on some car shows at Old Shawnee Town and HyVee for July and August so there will be an opportunity to get together.

Just because I haven't any planned tours doesn't mean you can't get your car out for a drive on a nice day, and if you want company, I'm always up for going for **Ice Cream**.

### Mark McCracken - June 2, 1950 - July 1, 2021 (age 71)

Former POA member Mark McCracken passed away in Overland Park, Kansas, on July 1, 2021. Born in Columbus, Ohio to Tom & JoAnn McCracken, who predeceased him, he is survived by his sister Mickey & niece Kate. Mark will be remembered for his dry sense of humor, skill at cards (especially Euchre), & affection for animals, particularly Kate's dogs Bruce & Floyd. He had a passion for cars that began at a young age & owned a collection of classics throughout his life including a Lotus, an MG, a Model A Ford, & most recently a 1975 Triumph.

As Mark was a grateful recipient of a kidney transplant in 2016, the family asks that you consider becoming an organ donor in his honor.

## Dean Weller September 24, 1925 - July 2, 2021

Dean Weller, 95, of De Soto passed away on July 2, 2021. A funeral service was held at De Soto Baptist Church, 8655 Copeland Way, De Soto, KS at 2:00 pm, Friday July 9, 2021. Visitation preceded the service at 1:00 pm. Burial at the De Soto Cemetery. Memorial contributions may be made to De Soto Baptist Church in memory of Dean Weller. Condolences may be left at [www.brucefuneralhome.com](http://www.brucefuneralhome.com).

Dean was born in Mountain View, MO to Charles and Mae (Ellis) Weller. As a teen he joined the Merchant Marines during WW II. When he came home from the war, he married Delores J. Allen in 1945. Dean built and operated a gas station in Mountain View and later moved to Oregon. The couple then moved to De Soto, KS, where Dean built the El Rancho Motel which they owned for 29 years. Dean also owned Weller Construction and built houses until he retired at age 52. He retired when he bought the old Ford building, known as "Grandpa's Garage" in De Soto where he built antique cars piece by piece, including tooling the engine parts. He enjoyed meeting with fellow car enthusiasts weekly in his shop and periodically hosted hands-on seminars there. Dean was a member of "Plain Old A's" Club as well as Heart of America Car Club in Lawrence. He was a former member of Rotary and Oddfellows.

Dean was preceded in death by his wife, Delores; his parents: Charles and Mae; siblings: Fern Tate and Guy Richard Weller, and grandchildren: Greg Haynes, Chris Elliott, and Colby King. He is survived by children: Shirley (Richard) Haynes, Wheatland, Missouri, Janet North (Larry), Spring Hill, Kansas, and Deana Chance, De Soto, KS; grandchildren: Matthew Haynes, Michael Haynes, Stacy Thomas, Kelly King, Corey King, and Cody King and sister, Alma Holden, Mountain View, MO. He will be greatly missed by his family and friends.

Ken Coleman shared this picture of "America's Sweetheart" which was built by Dean Weller and the following poem written by Dean Weller.

*I want the old time noise  
It's music to my ears  
The pounding, beating, banging  
That I've heard throughout the years*

*I want to hear the motors run  
Vibrating these old time walls  
And hear the happy horns again  
But not those darn phone calls*

*I still want to bend that metal  
To shape another car  
And be in my own heaven  
Where all my neat cars are*

Dean Weller

Dean donated America's Sweetheart to the Model A Ford Museum in Hickory Corners, Michigan.

### Jim's Tech Tip by Jim Cannon

#### Adding a Passenger Side View Mirror

There are several passenger side mirror options out there for us to add to our car, to see a bit better what traffic is over there. You can get a mirror that attaches to your door hinge, to your wind wing, etc.

But after you install it, you will discover that you really can't see much in it. It is almost useless, especially when trying to help you change lanes.

Here's my little Tech Tip: Add a small "bubble mirror" to the face of that flat mirror, using a couple of strips of two-sided tape. Hunt around for a bubble mirror that closely matches the diameter of your flat mirror. Look for them in auto parts stores, general merchandise stores, truck stops.

Now you will really be able to see what is on that side of the car or truck!

Enjoy the drive, and Have a Model A Day! Jim
