## President's Message

March is here!

I have ventured from the house a bit more recently and noticed things are a bit more upbeat. The sun is returning to a more welcome course and the weather has been in the 60's. People are switching to Covid masks with brighter colors and floral prints like the upholstery on my granny's couch. Maybe it is the promise of an end point to the prolonged pandemic precautions which come with vaccines or maybe it is the passing of the truly brutal cold weather we endured in February, but I am energized.

I've cleaned out the garage, replaced my carburetor float valve, aired up the tires and ventured out in the Model A for a few short trial runs. It seems OK for now. Maybe some work on the fuel shut-off valve will be next and then an oil change. After that some attention is due to address the slamming required for secure doors. ...and then...and then ...and then.

I expect many of you have a similar bottomless punch list of action items. Get on it! Check out our calendar. There is a St. Pat's Day Parade in Leavenworth and a "Blow the Dust Off Tour" coming this month. Take advantage of the thaw and join us.

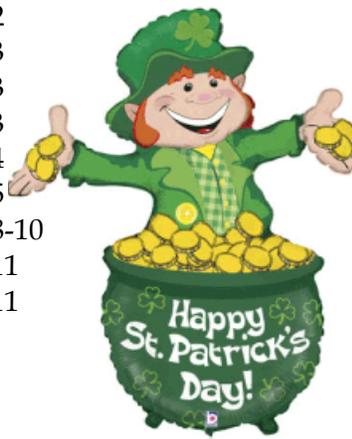

Regarding my further dive into car repair, be prepared to offer instruction or a patient ear when I am inevitably beyond my depth and call for help. I'll trade you for my mask with pink orchids.

Ahoooooga On!

- John Smeltzer, President

## Memorial Day Picnic

This year the Plain Ol' A's will hold their annual club picnic on Memorial Day, May 31, 2021 at the Miller Park pavilion in DeSoto Kansas. The pavilion has been reserved from 9:00 AM to 3:00 PM. Due to the covid virus the present plan is for those attending to bring their own box lunch. The Harps grocery in DeSoto will be open on Memorial day and has a deli that serves hot food. Any changes to this and detailed directions to the park and grocery will be presented in the Plain Dealer in the future. For those of you who have attended Dean weller's birthday parties in the past this is the pavilion where they were held.

- Ed Kankowski

## Tune-up Day 2021

Tune Up Day will be April 10th at the- Masonic Lodge, Shawnee at 10:00. Ken Coleman is planning on bring his equipment to check CBs, Toe-in adjustment, Points & Timing adjustments, and Carb adjustments. Coffee and donuts will be supplied.

If you are having car problems or want to check your adjustments this is the day to get plenty of help.

There will be a POAs Board Meeting when Tune-up day is finished. Everyone is welcome to attend.

- Bill Hills

## Tours - 2021

With the COVID virus still going on my first responsibility is to keep our members healthy and safe so we will be following the state, county, and local mandates of wearing masks and social distancing by holding outdoor events and picnics as we did in 2020. We will not be holding our monthly breakfast or doing indoor gatherings such as going to Union Station. All of our events will be subject to change if the mandated restrictions do not allow them.

Here is what I'm planning for 2021 until it is safe for us to make changes that will allow us to do indoor events and have lunch in a restaurant. We will try to have a Saturday tour and picnic each month starting in April. If the weather permits we may try to have a driving tour at the end of March just to get the cars out of the garage.

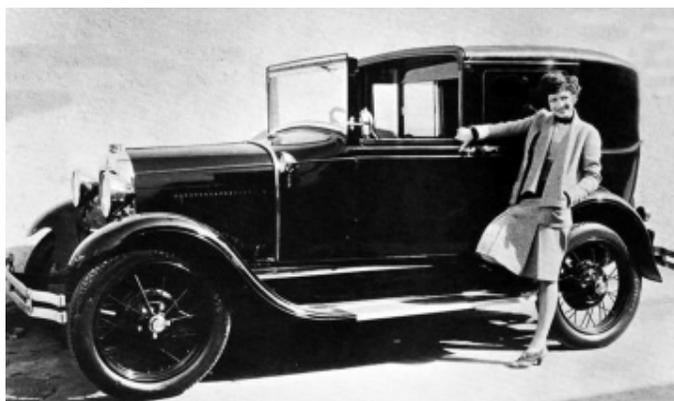

Here is what is planned for March and April:

- March 17 Leavenworth St. Patrick's Day Parade- Line up will be at 11:00 at 4th street and Choctan Street (Marten Chevrolet)
- March 20 Blow the Dust Off Tour- We will meet at the Walmart on the west side of Olathe at 1:00 for a short tour for ice cream- weather permitting. We will leave at 1:30 for Eudora where we will stop at Dairy Queen before heading back through DeSoto.
- April- 10- Tune Up Day- Masonic Lodge, Shawnee at 10:00.  
Ken Coleman is planning on bring his equipment to check CBs, Toe-in adjustment, Points & Timing adjustments, and Carb adjustments.
- April 10 POA Board Meeting- Masonic Lodge, Shawnee. This will follow Tune-up day.  
Everyone is welcome to attend.
- April 24- Tour to Louisburg, KS to The Cedar Cove Feline Conservation with a picnic at the Veterans Park in Spring Hill  
I am working on the plans for this tour . Cedar Cove opens at 11:00 with tours every half hour and closes the doors at 1:30. I'm thinking we may have lunch first before going to Louisburg. More to come at the March meeting and in the April news letter.
- May- 31 POAs Picnic at Miller Memorial Park in DeSoto at noon with a tour for ice cream after. This is a bring your own picnic.
- June I have not come up with a tour yet. Several of our group will be going to the National Tour so we will need to see how many who are at home are interested in a tour.

If you have ideas for tours or places for us you can contact me by phone or text at 913-406-2085 or email at [bill.hills.sh@gmail.com](mailto:bill.hills.sh@gmail.com).

Happy Model A motoring,

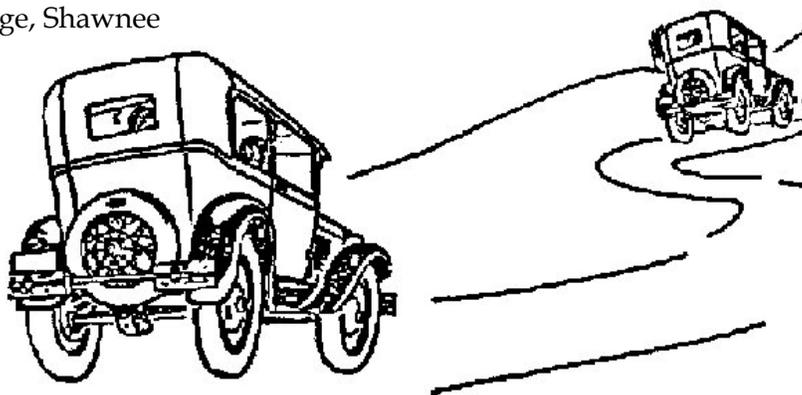

Bill Hills

## America's Sweetheart

The MAFFI Museum has posted another video of Dean Weller's car, America's Sweetheart. The video is titled "Rusty and America's Sweetheart." To find the video, copy the following link into your web browser:

<https://youtube/FOXzO8Yq130>

Or, if you can't find it that way, Google "Rusty & America's Sweetheart."

The final way to search for the video is to go to the MAFFI website and click on the videos button.

This video is a great look at Dean Weller's awesome creation.

### Jim's Tech Tip by Jim Cannon

**When installing a radiator, Ford's Service Bulletins reminds you:**

#### DO NOT DRAW RADIATOR BOLT NUTS DOWN TIGHTLY

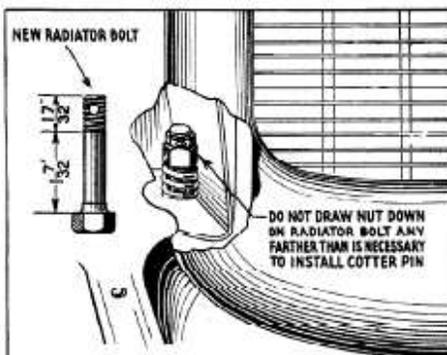

Fig. 764

When mounting a radiator do not draw the radiator bolt nuts down any farther than is necessary to lock the nut with the cotter key. If these nuts are drawn down tightly it compresses the radiator to frame bolt springs to such an extent that the flexible feature of the springs is defeated and damage to the radiator invariably results.

Recently the threaded end of the radiator bolt was reduced from 5/8" to 17/32" which makes it impossible to screw the nut down farther than the correct distance. See Fig. 764. However, as practically all cars are equipped with the former design bolts, constant care must be exercised when screwing down the radiator bolt nuts.

#### **Good advice. My Tech Tip is this:**

Before installing the radiator bolt, paint a thin white line across the end of the bolt to show the orientation of the drilled hole for the cotter pin. Later, when you are tightening the nut, it gives you a way to orient the drilled hole in the bolt "front to back" so that it is easy to slip the cotter key in and bend it over. Once the nut is on the bolt, it is hard to see the little hole and it can be very frustrating to put the cotter pin in.

I hope that helps get your radiator installed a bit faster and easier.

Have a Model A Day! Jim
