The stoves above are the stainless steel range, all the above stoves are available in a solid copper or solid brass stove body at additional cost. For copper or brass or any other stove in the Refleks range please ask for a quote.

Flue kits above include all flue parts needed to complete the stove and flue installation in a single story narrow boat, cruiser or dutch barge including the flue guard and Lockgate cowl. Flue is single walled.

The Refleks range are factory set to run on diesel using the Toby DVR land controller, they can be set to run on kerosene at no extra cost, please request when ordering. Off-shore controller are available.

Fitting is available, price on application. Prices include VAT.
