# THINGS YOU NEED TO KNOW

---

*Book in as soon as you find your dress!*

When booking your dress in this is when you can choose where you want your fitting to take place! I am more than happy to travel to you!

You will be charged a non refundable booking fee of £25 which secures your appointment day and time along with sewing time in my diary and covers you for two 1 hour fittings (dependent on location).

If further appointments are needed, these can be arranged at your second fitting with an extra charge of £10.

I usually recommend having your first fitting 8 weeks prior to your wedding date. This gives us enough time for alterations to be done and fitting appointments to be had 4-2 weeks apart dependent on extent of work allowing plenty of time before your special occasion.

If more extensive work is needed such as restyle or adding extra details we will likely bring your first appointment forward slightly, however any bride can bring there appointment forward if they wish.

No 2 dresses are exactly the same and no 2 Brides are exactly the same which means costing can vary.

If you would like an estimated quote or an appointment for advice before you book then please get in touch via email or WhatsApp.
