The coronavirus can make

people sick.

    
People who get the coronavirus  
     
might cough, have a hard time  
    
breathing, and have a fever.

People that have coronavirus

need to Stay home to get better

. They might need to go to the

hospital To get better.

      
My family and I need to make changes to be

   
safe. We need to

**1**    
1 . Wash hands often

**2**    
2 . Keep personal space

**3**       
3 . Keep hands down away from face

**4**      
4 . Cough in my elbow

**5**     
5 . Stay home from school

**6**     
6 . Listen to mom and dad

**1**

**2**

**3**

**4**

**5**

**6**

I may be sad or confused

because school is closed and I

have to stay home more.

I will be safe with my family

and go back to school soon. I

can do it!
