Foraging Cross Body Basket by Jeni Mursau

Size: 7"L x W 3.75" x H 10"
Weaving Level: All Levels

Description: This is such a functional basket for all the foragers! It comes with an adjustable crossbody leather strap. These leather straps are hand made by Jeni. To have an idea of how much this basket will hold, a gallon bag will fit nicely inside. Students will be given the choice of Black, Dark Brown, Crazy Horse Gray, or Green for their leather strap.

Techniques: A woven bottom with filler pieces; choice of ending with chicken feet or simply tucking the piece. This basket uses the basic start/stop weave for the rows. The technique of beginning with two rows to help form the base of the basket will be taught; It is possibly a less frustrating way to begin the foundation of the woven sides started.

Materials Fee: \$65.00

Danish Cord Gourd by Annelies Gebert

Size: Diameter: 9" - 10" Height: 6" - 8"
Weaving Level: All Levels

Description: This project will be worked on a gourd that will be provided by your instructor. The gourd itself will be woven using Danish cord and the student will participate in gourd dyeing and weaving with Danish cord as part of the process.

Special Tools Needed: Students will be working with ink that requires them to bring an apron and an old shirt. Be aware that the ink being used will NOT come out of your clothing.

Material Fees: \$65.00
