LAMP SHADE HEIGHT ADJUSTMENT PROCEDURE

1. Unplug the Table Lamp, if connected
2. There is a thick Disc under the bulb holder
3. Gently rotate the Disc, anti-clockwise
4. Hold the pipe under the Bulb holder and pull it up to increase the height or pull it down to reduce height if it is already high
5. Holding the pipe, rotate the Disc clockwise. Do not put too much pressure. Do not rotate the pipe
6. Plug the table Lamp and switch it on
