

Instructions to remove or attach ground stakes to rope sections

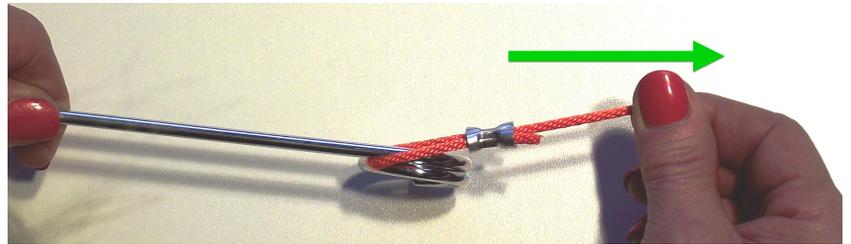

Thank you for your purchase.

The ground stakes can easily be attached or removed easily by pulling the loop end of the rope sections through the spiral end of the ground stake as shown below.

To Attach, place the loop end onto the ground stake as shown:

While gripping the Ground Stake end, pull the loop to start the spiral and continue until the loop end snaps into place.

The Stake should look like this

To Remove, Reverse the process as shown.

Please visit www.VGcreatives.com or www.GatorJawn.com for the complete line of Gator Jawn brand products.

As our way of saying thank you for your purchase, we have included a 15% off discount code for a future purchase to be used before 5/31/21. We have expanded the discount to include ANY product on our website above any already reduced sale prices.
