

Baylor, Scott and White (BSW) in Marble Falls has become a CoVid19 vaccine hub in recent days. Below is the link to the hospital's CoVid19 vaccine webpage where you can sign up for the vaccine. They are taking 1A & 1B qualifying patients at this time but you can still put your name in to register for later qualifications.

<https://www.bswhealth.com/covid-vaccine>

Once you click on the link to sign up, if you are not currently a patient in the BSW system, just below where it asks for you to log-in, it will ask you if you need to create an account. You will need to give them your cell phone number as they will text you a code to verify it is actually "you" they are signing up. They will ask you a few questions to check your qualification level.
