RE: MARCH 2022 QUARTERLY COMPLIANCE UPDATE

Dear Ms. Akers & Mr. Curley,

We received the City of Double Horn's March quarterly compliance update on March 12, 2022. My apologies for the delay in getting this letter back to you in response to that update, but as I mentioned in separate correspondence, it has been a particularly busy time in our office.

We appreciate the details provided in this latest update. It appears from the report that the city's expanded city hall will soon be available, which will provide more room for city meetings. The report also indicates that progress has been made toward improving street signage and lighting in collaboration with the DHIA, and that the installation of the fire suppression water tanks is underway and should soon be completed. The reports also indicates that further progress is imminent, such as discussions with the DHCWSC and a survey regarding community interest in trash and recycling services. We look forward to your June update and the final update at the end of the one-year period of the Assurance of Voluntary Compliance (AVC).

Concerning future reports, please take note that I will be leaving the Office of the Attorney General at the end of the month of April. As provided in paragraph 22 of the AVC, please direct future notices to the State of Texas to the points of contact provided below:
