

SEXUAL

ASSUALT

Prevention Month

APRIL 2022

1 in 4 black girls will be sexually abused before the age of 18. Join, Nollie Jenkins Family Center in making sure that this is not a reality for the girls in our community. Our Annual Sexual Assault Awareness & Prevention Month Workshop will be Wednesday, April 20, 2022 at 4:30 pm. We have to make sure that we are having critical conversations with girls and that they feel safe and heard in our communities. This is a safe space for girls to learn & talk about issues that directly affect them. They will learn how to be comfortable saying no, how to respond to peer pressure and know what to do in tough situations.

Parents are encouraged to participate to learn how to have these important discussions with their daughters.

Location: 25 Glendale ST, Durant, MS
