THE GOP STATE-WIDE EXECUTIVE TICKET

Mike Mazzei represents the clearest of all choices, as his Democrat opponent represents the extreme left wing of the Democrat (Socialist) party.

However, the GOP candidate for Oklahoma Superintendent of Public Education, Robert Franklin, is as radical as they come. Something that was emphasized when he recommended that our young people read the academically debunked assault on Christianity and the Bible, *Separation of Church and Hate*.

For those reasons, Robert Franklin represents a disaster for education and an ungodly influence on youth.

Barnes and Wiseman have leaned in favor of a heavy-handed government bureaucracy and Oklahoma conservatives agree it is time for them to go.

Both of the two state questions are represented by some tricky language and thinking through them requires close attention to detail and the consequences each would bring to our state.

There are conservatives on both sides of these questions and I think it is fair to say that were each to have been written by better thinkers, the choice would not be so difficult.

OCPAC ACTION is going with the analysis of former Representative, *Jason Murphey*, the poster boy for conservative thought. Jason is recommending a yes vote on both. So . . .

YES ON BOTH STATE QUESTIONS

SQ 847: YES!
SQ 845: YES!
