

# Obscure Movie House

by Negroni

Come watch movies you've never heard of! Some sample movies and their reviews are shown below, in no particular order. They are rather cryptic, so you'll have to see for yourselves how they really begin and end.

*Note:* The solution to this puzzle is an emoji

## Exterminate

A thousand lousy secret agents capturing rebel leader from church towers, wanting to snitch badly? The leader escapes from bunker with reputation, permits chief to move east in bloodless insurrection. Head operative with car from Saturn (Mr. West) accepts a hit fee used to sever heads of escaped agitators threatening stability.

## Grub Hub

In Chicago, provoked union leader on the inside gave information about Slovenia smuggling kitchen appliance. The Sun reported Whitewater investigator murmur: Ike's liquid treats, milk from second class shelter, finally caused open sores. Strange clue's right inside—stove is missing first and fourth digit (metal container's original number).

## An Elite Grade

Tennis player Ivanovic blunder broadcast to the audience. Small drop after the start becomes ball hit high and deep, laggard's incomplete return. McKellen and Holm (doubles partner, sometimes) win individual combination of sets for university, working racquet head in untouched service winner. As a measure of range, I. German and Ivanovic, hitting slice, win in splendor.

## Trump Nightfall (documentary)

Writer Gliner, deity of misfits, belittled the consistent voting block of the party in bulletin obsessed about republican plan: gospel, with racist leader skewering retreating economic indicator.

## Clinton: The Damage

Pat Gees, eccentric retired wrestler, outs left and yearns for things that used to be popular. He infiltrated heart of abortions association with two-piece lock used to secure cars, broadcast tape of animal rights group, spread crux of story with last two characters in pedophile ring (chiefly Hillary). After Florida's sudden small lead turns steep, Miami-Dade outskirts' liberal and centrist votes fade away, turning Pat nasty, starting to gloat.

## Stench of Fraternities

Composer Gustav and actor Bruce combine rising hotshot with raw beginner in the French labor union for performers (DIP), developing structure with piercing look backwards. Farm girls Scarlett and Amber Front enrolled in wayward Rho Alpha. Greek character from male university again intoned notes by University of North Georgia: a liberal interest is justification to take advantage of hook up.

## The Savior, Informally

Religious purification rituals—bravo! Fitting message, in modern times, about secondary character in Bible: the leader of the Israelites. Jews of Sephardic heritage initially returned gold. Moses is by himself below mountain top; sound from nests high in a tree is God! "At last, chosen people, take gold to eastern city at the junction of a river and a bay."

## Romeo Ace at a Distance

Sari fabric, satin, dancing Sully Pitt, and undergarment with diamonds. Overweight Ace breaks foot, expressing emotional intensity, and consequently, ignoring the odds, fully hides returning illness. Shivering fit grips Romeo in debate about a large physical movement of ballet dancers.

## Power Story

Conservative father and number cruncher left bank to discover basketball player from midwest. Summary: retrospective motion picture spanning Magic, ineffable three in Illinois, and sick improvisation. Spot on!

## Freedom Gained (short)

Film starring Tom Hanks and popular Kat Pery playing critical role of female suicide. Three central characters: Ally, with authority from the government, frames (like in a cartoon) and reportedly hands over, for money, singer James Hazel. McEntire, confederate warrior, and a bitter, cold, and empty informant, Ephron (neither partner gets high mark), monitor technology from solid core storage medium.

## Wow! A Couple of Mysteries

Discoverer of polonium and radium has final element replaced by a court of justice. Why? In old man, party drug creates wild animal that hunts alone, shall fight. Weird! With portable lamp, genus of loach with short fur found in meadow; oddly, the head is mounted like a golf ball. Disgusting!

## Five out of Five: Berry Excellent

First of creations by machine learning. Bid for attention leads to puns—stupid, shockingly terrible, drawn out, bad puns. For example, "Spruce, the final <hesitation> front rear." Moving in the wrong direction: "Egg shape is Eggs-optional." Finally: "Nutty nutters endow party with a bar."

## Shower with Attention (alternate version)

Terrible kissing without heart is one way to go downhill fast. French singer and actress, knockout, going after very vocal sexual partner with garland of flowers, lascivious gaze. Looking back, what holds movie together are penetrating hype and a manicurist who trims fingernails (actor McDermott) in part of randy landscaper.
