To Whom it May Concern:

My name is Kevin Abendroth and I am the owner of Music Matters, Inc. I am writing this letter to provide a recommendation for Wendy Alli, who has always been a valued employee and a great asset to my company. She worked as my Administrative Assistant for many years until, unfortunately, our business model changed and I could not keep her on as an employee.

I highly recommend Wendy to any company, as she has exceptional organizational and leadership skills in anything she does. She has worked very hard in her career paths and goals, continuing to bring even more knowledge, skill, and expertise within different industries. I know she will do the same for any company she works for. She had always gone above and beyond to be sure everything in my business was smooth sailing.

Having been in touch with her, even as she moved on to bigger and better things, she has shown me some of her new talents for flying drones and other types of systems. To say the least, I am very proud of her accomplishments these past 25 years as she never stops wanting to learn. She picks up on things quickly.

Wendy would be a great asset to any company she works for, and I cannot say enough about her wealth of knowledge in many areas. During her college days, she again worked for me on a part-time basis doing IT work where she singlehandedly installed and programmed a new point of sale system. Her abilities are well beyond the average employee and she would be a great candidate for any company she applies to.

Best regards,

Kevin Abendroth
