

## Sovereign Nation of the Chiricahua Apache ~ SNOCA

Chiricahua Apache National Order, Mission & Alliance ~ CANOMA 501 (c3) Public Charity 170b

This season of the falling leaves is a time for further tending those seeds we started in Spring that became the bounty we are harvesting. As we move into cooler months and longer nights, we celebrate the abundance of all blessings big and small as Nde. Even with some losses experienced there are reminders of continued life and growth both internally and the world around us. We remember to gather up as we go, preserving some for the cooler months. Many blessings to you, Nde and all the beings of this world, may we live in balance, with all things we are related.

The ceremonies of our people are available for you and family. To participate in the Winter Solstice or to make a request for a specific need, simply reach out to:
