Federal Acknowledgement

Thank you to all who have submitted items - we greatly appreciate it; it is very important and helpful to this journey. There is still time to submit anything you have to share! We are collecting any and all historical, spiritual and political information that will be used to create a historical and spiritual timeline leading from the 1852-1853 treaty up to now. Magazine articles, internet articles, personal stories, books, research papers and any communications to or from us that show we are recognized by other entities as a Nation. Examples would be recent communications from federal government asking for our input into place name reconciliation act, other federally recognized tribes forwarding requests for tribal enrollment, ICWA inquiries, any communications between state or federal government representatives. Involvement of support for Oak Flat, Boarding School historical education, support for our Nations and other Tribal Nations cultural or political causes. The future of our Nation is in every Citizens hands!
