Other Information/Behavioural Issues that Coaches/Volunteers should be aware of;

We will adhere to the Angling Trust's Child Protection Policy. I consent to my child taking part in activities with us. Especially younger pupils may be given a hand into their swim/platform for safety, and help given on tasks such as on casting, positioning the rod or pole, and "striking" to hook the fish.

We acknowledge that we will be liable in the event of accident only if they have failed to take reasonable steps in their Duty of Care. I confirm that, to the best of my knowledge my child does not experience any medical issues other than those mentioned above. I consent to my child receiving medical treatment which, in the opinion of a qualified medical practitioner may be necessary.

Childs protective clothing of sun hat, waterproofs when appropriate, non-slip shoes or boots for any muddy conditions should be worn. Suitable food & drink (screw-top best, wasps can get in a can!) also to be provided.

EA Rod Licence's

Temporary rod licences are sometimes issued for our initial one day introductory fishing days at no charge but unless this is shown on our publicity material for the day you are attending you will need an EA rod licence.

1. Children under 12 however don't need a licence.
2. Licences for children aged between 12 and 16 are free but [this can only be done online](#). Make sure you connect to the [www.gov](#) website as there are a few sites that come up on a search engine that make an extra charge for getting your rod licence.
