

What's Included with our Bar Service Packages

- **“Toast Cam” Photobooth Selfie-Station** (photos, gifs, 15 second video clips) with 4x6 photos printed onsite & shareable and with a USB of all the photos, gifs, videos.
- **62” Custom Bar with LED lighting**
- **10’x15’ white tent with “warm” LED lighting** (we prefer to be under cover to keep it cooler or drier)
- **3 Bistro Tables:** Stainless Steel (white or black covers on request)
- **2 Tap Jockey Box:** A stainless-steel mobile jockey box, with 2 taps, a full 5-15-lb. CO2 tank, and stainless-steel cooler needed to pour any size keg. Aside from looking better than the hand-pump keg tap, a jockey box will pour faster, help ensure the beer is cold with proper carbonation and create less waste of beer via excess foam. **KEG BUCKETS NOT INCLUDED!** Kegs are **STILL** required to be kept cold before we arrive, therefore the needed keg tubs are **NOT** included – as you will need to keep the keg on ice until we arrive, and if the tubs don’t arrive until we do, you can’t properly keep them on ice beforehand.
- **Trained, experienced, and knowledgeable Bartenders** – with all MAST Permits (Class-12) and Food Handlers certification.
- **All State-Required Licenses**
- **\$2 Million in Business Liability with Certificate of Insurance**
- **TWO 4-foot bar tables & with fitted Black or White linens**
- **Bar Tools** (bottle openers, corkscrews, pour spouts, jiggers, bar mats, shaker tins, strainers...)
- **Bar Supplies** (Napkins, Straws, basic drink garnishes...)
- **Ice For Cocktails & Chilling** (up to 300lbs. of ice)
- **Ice Water Station** (includes up to 15 gallons)
- **8"x10" Custom-Designed Bar Menu**
- **1.5-hours of Bar Set-Up & Breakdown Time at No Addl Charge**
