

WAKE HARVEST IS CHANGING THE AFTER-SCHOOL EXPERIENCE!

WHAT IS WAKE HARVEST?

Wake Harvest is a youth mentorship and development organization.

We are on a mission to give children hope for the future.

DIVERSE & INCLUSIVE

Wake Harvest takes pride in offering diverse and inclusive programs to all children.*

*To ensure every child receives the level of care needed, children with special needs are accepted on a case by case basis.

SPECIALIZING IN SOCIAL-EMOTIONAL DEVELOPMENT

Our programs focus on social-emotional development. We promote communication skills, emotional regulation, relationship building, and more.

BULLY-FREE ZONE

Being a bully free zone does not mean bully behavior never presents itself. But parents can rest assured when it does, we handle it immediately.

TEACHING LIFE SKILLS

We believe in the importance of raising mentally, emotionally, and physically healthy children. This includes teaching important life skills they do not traditionally learn in school.

WHO DO WE SERVE?

Wake Harvest offers a safe and fun environment to all school age children, ages 5 - 18.

"**Teen Quest**" is specifically designed to support tweens and teens.

We are proud to serve both neurodivergent and non-neurodivergent children.
