Presentation Title:

My Basketry Journey

Cecilia Moreno is of Yokut and Mexican heritage. She attended the University of California, Merced, where she earned her bachelor's degree in Social Sciences in December of 2019. Cecilia has been involved in many Native American language and cultural revitalization programs and events since her childhood. Her maternal grandmother Lawona has been her inspiration and teacher. Through her teachings, she has learned the importance of keeping native languages and their traditions alive and strives to do so herself by speaking in her native language of Tachi. Cecilia continues to work with Native programs across California to work towards the revival and preservation of different Native cultures and languages.
