Hiring Manager  
Healthcare Organization  
Denver, Colorado

Dear Hiring Manager,

I am writing to express my strong interest in the Adult-Gerontology Primary Care Nurse Practitioner position at your organization. As a dedicated and compassionate Registered Nurse with extensive experience in neuroscience, post-surgical, and rehabilitative care, I bring a solid clinical foundation and a commitment to providing holistic, patient-centered care to adult and older adult populations. I recently completed my Master's Degree in Nursing at the University of Colorado College of Nursing, with a 4.0 GPA and a focus on Adult Primary Care, graduating in December 2026.

Over the past six years, I have worked in diverse clinical settings including Massachusetts General Hospital, Spaulding Rehabilitation Hospital, Rose Medical Center and most recently University of Colorado Anschutz Medical Campus. These experiences have equipped me with strong clinical assessment skills, interdisciplinary collaboration, and the ability to educate and empower patients managing complex, chronic conditions. My certification as a Certified Neuroscience Registered Nurse and my experience with both acute and chronic neurological patients have shaped my keen attention to detail, advocacy for safety, and sensitivity to the psychosocial needs of older adults.

I am especially drawn to your organization's mission of delivering high-quality primary care that emphasizes prevention, accessibility, and continuity. I am confident that my clinical background, strong communication skills, and academic training will allow me to contribute meaningfully to your team. I am enthusiastic about transitioning into the NP role where I can apply my knowledge and passion to promote wellness, manage chronic conditions, and support aging populations in maintaining their independence and dignity.

Thank you for considering my application. I would welcome the opportunity to further discuss how my skills and goals align with your team's needs. I look forward to the opportunity to interview.

Thank you,  
Jean Christensen
