Bluegrass
Lightning
Consultants

Making a Difference...

www.bluegrass-lightning.com

Bluegrass Lightning Consultants is a leader in the lightning protection field. We provide UL listed products and LPI, UL, NFPA certified services for all types of structures including commercial, industrial and residential buildings, and historic landmarks. We specialize in industrial and commercial design, however no project is too small or too large. There has never been a loss or lightning damage to a building when we have installed a lightning protection system to the entire structure. Bluegrass Lightning Consultant's are members of Underwriters Laboratories, Inc., ULPA, Lightning Safety Alliance and is a Lightning Protection Institute Dealer Contractor with a Master Installer certification.

Differentiators

- * We will work with you to ensure your complete satisfaction and protection.
- * Bluegrass designs and installs ground grids, mats, signal reference grids, fence & taut wire grounding and many other grounding projects.
- * We do designing of blueprints for projects for architects & engineers providing systems specified for LPI, UL96A & NFPA 780.
- * We work with many of the Electrical Contractors all across the United States.
