Capability Statement

Edward J. Holmes, AICP
President-Owner

Company Overview

EHI Consultants was founded in 1995 to provide the highest quality of planning and design services. The firm has since become an established planning and engineering based group of professionals. Our diversity provides the capability to; program, plan, design and implement a range of planning projects, from neighborhoods to transportation planning related efforts, as well as a range of engineering projects, from highway design to drainage plans and calculations for both public and private clients. EHI has offices in Louisville, Lexington, Paducah, KY, and Portsmouth, OH.

Core Competencies

We are trained and certified to offer professional services in the areas of:

- Federal Advisory Board Management
- Land Use Planning
- Environmental Planning
- Civil Engineering Design Services
- GIS Services
- Public Facilitation
- Community Involvement

Differentiators

- Our commitment is to the improvement of the natural, social, physical and cultural environments.
- Our goal is to promote planning and engineering as a way to protect what we value in a given area.
- Our objective is to see our work sustained through its functionality and utilization by the people we are planning and designing for.
- We believe that the quality of the place is fundamental to the quality of life and they must complement each other.
