

Capabilities Statement

Company Overview

True Inspection Services, LLC (TIS) is a DBE, MBE and EDGE certified engineering and construction management firm specializing in construction inspection and management services. Our project experience includes inspection of asphalt and concrete roadways, bridge construction and rehabilitation and coating inspection services. TIS has provided inspection services to both the public and private sector, including various state departments of transportation, counties, municipalities, and retailers throughout Ohio, Florida, Indiana, Illinois, Kentucky, Michigan and Maryland.

In 2019, True Inspection Services was recognized by Inc. 5000 as one of the fastest growing private companies in America, for the third year in a row.
