

PLUS SIZE FASHION RELATED HOME-BASED BUSINESS IDEA WORKING WITH PATTERNS

1. Buy patterns in PDF format or printed. Sew and sell. You can scale the sizing or customize it. Think bespoke. If you have lots of followers or potential customers, do a pre-order.

२

2 If you're not friends with a sewing machine (meaning you don't know how to sew), partner with your local tailor. Bring the pattern to them along with your client's body measurement. Be creative with how you want to pay them a commission.
