Minutes General Meeting April 20, 2026.

There were 38 attendees. Patrick started the meeting off with housekeeping items and then showed us all a trophy that he made that will be given to the classic car that was driven the most from May 1 to December 13 at the Christmas party. Once Patrick has nailed down the details, I will send out the instructions to enter this competition.

One thing you need to do for sure if you want to compete is to take a picture of the odometer on your classic car on May 1st, this year's start date.

Christine and Gary edge are new members and were introduced. They have a 1973 MGB, welcome Christine and Gary.

Mike Banwell presented some items for sale for a friend who has passed away. This estate sale has mostly Jaguar projects and quite a few parts are available. Mike has pictures of several of the vehicles that are available. The estate has to go through probate, but if you are interested in any Jaguar items, please contact Mike Banwell for further information. banwell@shawbiz.ca
