

## Your Products, Our Vending Machines

Want to add your own products to a vending machine? With our All-in Vending Machine Service, we provide a complete solution, perfectly suited for any event. Whether it's a corporate gathering, festival, or private celebration, we bring flexibility and reliability to the table. You decide what goes inside. For added inspiration, you can also explore our curated Comfort Box Product Catalog.

Our vending machines can hold up to 800 products, giving you the option to fill them with your own items. A dedicated member of our Specialty Vending Team will monitor and refill the machine every 1–2 hours, ensuring it's always ready for use. If any technical issues arise, our expert technicians are just a call away, offering remote or on-site support to keep everything running smoothly.

We offer this service at fixed rate of €1850 per vending machine, per day. Our package includes delivery, restocking, and pick-up. Your vending machine solution is just a call away. Let's make your event unforgettable! Reach out today, and we'll handle the rest.
