INTRODUCING MUSKERRY IRISH WHISKEY

DESCRIPTION

A premium blend of youngish single grain and single malt whiskies from the Great Northern Distillery in Dundalk. This award-winning blend is fused from blending Sherry cask finished single malt as well as Single Grain whiskies finished in Virgin Oak and ex fill bourbon casks. It is non chill filtered, has no added colour, and it is definitely a premium Irish Whiskey blend.

TASTING NOTES (1)

Complex array of scent with nuances of caramel, baked apples, cinnamon and maple. Well balanced and creamy on the palate.

TASTING NOTES (2)

Allusions to baked red apple, butterscotch, campfire smoke, and underbrush on the nose, with a slight touch of honey and melon that emerges on the palate as well. Round with juicy tropical fruits and pear, a touch of dried flowers and orange peel come through.

BACKGROUND

Muskerry Irish Whiskey is inspired by the old Kingdom of Muskerry in County Cork, and evokes the timeless spirit that Irish Whiskey at its best can deliver. The team at Muskerry has worked to create a whiskey that is true to the origins of Irish Whiskey while holding mass appeal for the tastes of discerning customers in the American market.

Careful selection went into preparing a blend that is possibly unrivalled for smoothness yet has a great flavour profile on the nose as well as the palate. The team itself has worked extensively in the USA over the years and we have endeavoured to make Muskerry a true “premium blend” that will be big hit in the USA.
