ACCURATE IMAGERY. ACTIONABLE DATA. REAL RESULTS.

2026 RATE SHEET

PROFESSIONAL DRONE SERVICES
& AERIAL DATA COLLECTION

FAA PART 107
LICENSED

FULLY INSURED
OPERATIONS

ACCURATE DATA.
ACTIONABLE RESULTS.

SERVICES & STARTING RATES	WHAT'S INCLUDED	STARTING AT
 AERIAL IMAGING & VIDEO High-quality aerial photos and cinematic video for properties, marketing, updates, inspections, and project tracking.	- Aerial photo capture - Cinematic & standard video - Multiple angles & perspectives - FAA-compliant operations	\$275+
 THERMAL IMAGING & INSPECTIONS Thermal data capture and inspections for roofs, electrical, mechanical systems, solar, and other problem areas.	- Thermal imaging (IR) - Visual + thermal comparison - Hot spot detection & analysis - Detailed findings report	\$350+
 AERIAL INSPECTIONS Visual inspections of roofs, structures, towers, solar arrays, and hard-to-reach areas to identify defects and assess conditions.	- High-resolution visual capture - Structural & component review - Damage/defect identification - Safety & accessibility savings	\$250+
 MAPPING & ORTHOMOSAICS Precise 2D maps and orthomosaic imagery for planning, analysis, and record keeping.	- Aerial data collection - Orthomosaic processing - Georeferenced deliverables	\$350+
 CONSTRUCTION MONITORING Track progress, measure quantities, and document job sites to keep projects on time and on budget.	- Progress photos & video - Site mapping & volumetrics - Cut/fill calculations - Timeline tracking	\$450+
 THERMAL ANIMAL / PET LOCATING & DEER CARCASS SEARCH Thermal detection of pets, livestock, and wildlife in fields, woods, or other areas. <i>Due to federal law, location of live deer can not be revealed. Price increases after sunset.</i>	- Thermal search patterns - High-sensitivity thermal sensor - Wide-area & targeted searches - Safe, efficient operations	\$250+
 CUSTOM TECHNICAL PROJECTS Specialized data collection and analysis tailored to unique project needs.	- Custom flight planning - Specialized data capture - Advanced analysis - Custom reporting	PRICING CUSTOM

TRAVEL FEES	ROUND-TRIP DISTANCE	TRAVEL FEE	NOTES & DISCLAIMERS
 Travel within 25 miles of Oxford, MS is included. For locations beyond 25 miles, a flat travel fee will be added based on total round-trip distance.	0 – 25 miles	Included	- Starting rates may vary by site size, flight complexity, deliverables, processing requirements and project scope. - Mapping and imagery are not a legal boundary survey unless performed under the appropriate licensed professional scope. - All flights performed in accordance with FAA Part 107 regulations and applicable laws. - Weather, airspace, and site conditions may affect scheduling and deliverables.
 Multiple day projects may qualify for discounted travel.	26 – 50 miles	\$75	
	51 – 100 miles	\$150	
	101 – 200 miles	\$250	
	201+ miles	Custom Quote	

Starting rates may vary by site size, flight complexity, deliverables, processing requirements and project scope. Mapping and imagery are not a legal boundary survey unless performed under the appropriate licensed professional scope.
