

2026 RATE SHEET

AERIAL IMAGING & DATA SERVICES

Oxford, Mississippi | Serving North Mississippi
FAA Part 107 Certified Remote Pilot | Insured

This rate sheet is for general reference only, actual pricing may vary by project scope.

SERVICE / PROJECT SCOPE	STARTING RATE
Aerial Imaging & Video Aerial photos and video for properties, marketing, and site documentation.	\$275+
Thermal Imaging & Inspections Thermal and visible imagery to support inspections and maintenance planning.	\$350+
Aerial Inspections High-resolution imagery of roofs, structures, equipment, and hard-to-reach areas.	\$250+
Mapping & Orthomosaics Orthomosaic imagery and agreed mapping deliverables for planning and documentation.	\$350+
Construction Monitoring & Site Data Scheduled progress photos and video from repeatable viewpoints, with mapping, volumetrics, or cut/fill estimates as agreed in the quote. Scope, deliverables, and visit frequency are established for each project.	Project quote
Thermal Animal Search & Deer Carcass Recovery Lost pets, stray livestock, and deer carcass searches. Higher rates apply after sunset. Live deer locations are not provided.	\$250+
Custom Technical Projects Flight planning, specialized data capture, processing, and reporting tailored to the project.	Custom quote

TRAVEL FEES - TOTAL ROUND-TRIP DISTANCE

First 25 round-trip driving miles are included. Additional mileage is charged at \$25 per 10 miles, rounded up to the next 10-mile increment.

PRICING & PROJECT NOTES

Minimum service charge: \$250. Starting rates vary by site size, flight complexity, travel, processing, and agreed deliverables. Reports, analysis, and specialty outputs are included only when specified in the quote. Weather, airspace, and site conditions may affect scheduling and results. Mapping and imagery do not establish legal property boundaries. Inspection imagery supports evaluation by the appropriate trade professional. Animal search success is not guaranteed.
