MILLBOARD DECKING

Transform your outdoor space and create unforgettable moments with Millboard's Resin Mineral Composite decking (RMC), where beauty meets durability.

'Lost-head' fixings

Durafix fixings are virtually hidden beneath the unique Lastane surface.

VIEW DEMO

Scroll down page
'Lost Head Fixing'

Natural wood look

Moulded from selected timber for an organic, realistic wood-grain appearance.

High slip-resistance

Lower slip potential than timber due to the pliable Lastane layer.

Low maintenance

No staining or oiling. Only seasonal cleaning required.

To view the full range of all Millboard's unique features and benefits visit millboard.com

ENVELLO CLADDING

◀ BOARD & BATTEN⁺
LIMED OAK

Re-imagine your outdoor environment with Millboard's Resin Mineral Composite (RMC) Envello cladding, where elegance harmonises with resilience. Crafted for enduring quality, Envello withstands the test of time, enhancing any outdoor space.

Natural wood look

Moulded from selected timber for an organic, realistic wood-grain appearance.

Fire-rated system

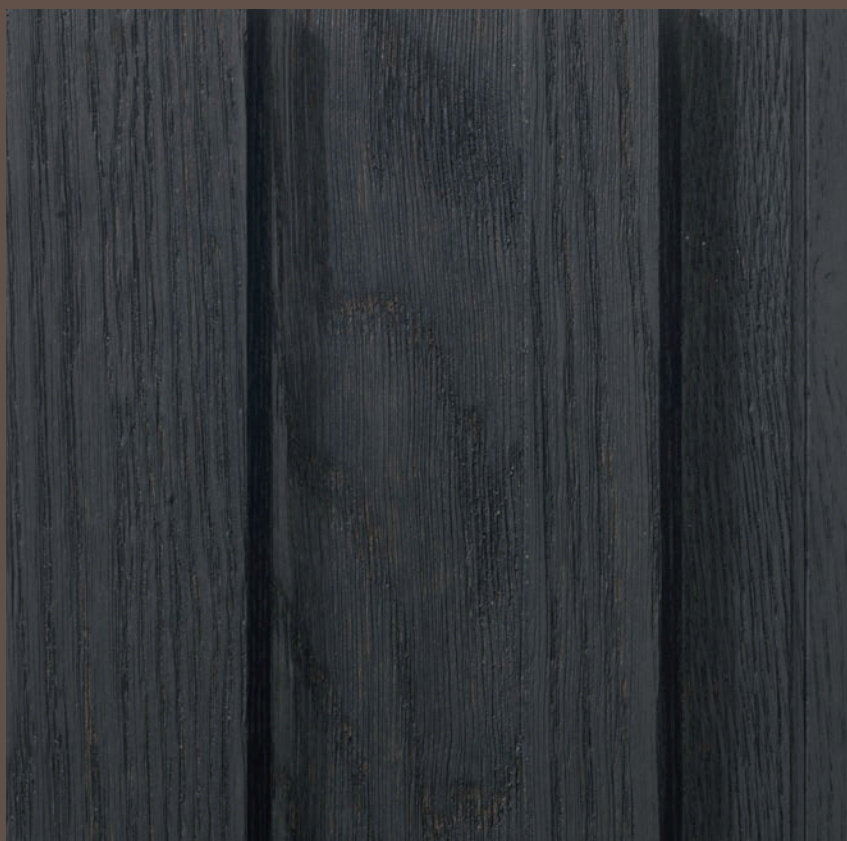

Certified to a Euroclass D rating (BS EN 13501-1) by a UKAS accredited laboratory, when fitted in accordance with our installation guide.

Low maintenance

No staining or oiling. Only seasonal cleaning required.

WEATHERED OAK

NATURAL BEAUTY | 3 COLOURS

Beautifully aged in appearance, our Weathered Oak collection is moulded by hand from century-old oak boards.

WEATHERED OAK ▾ DRIFTWOOD

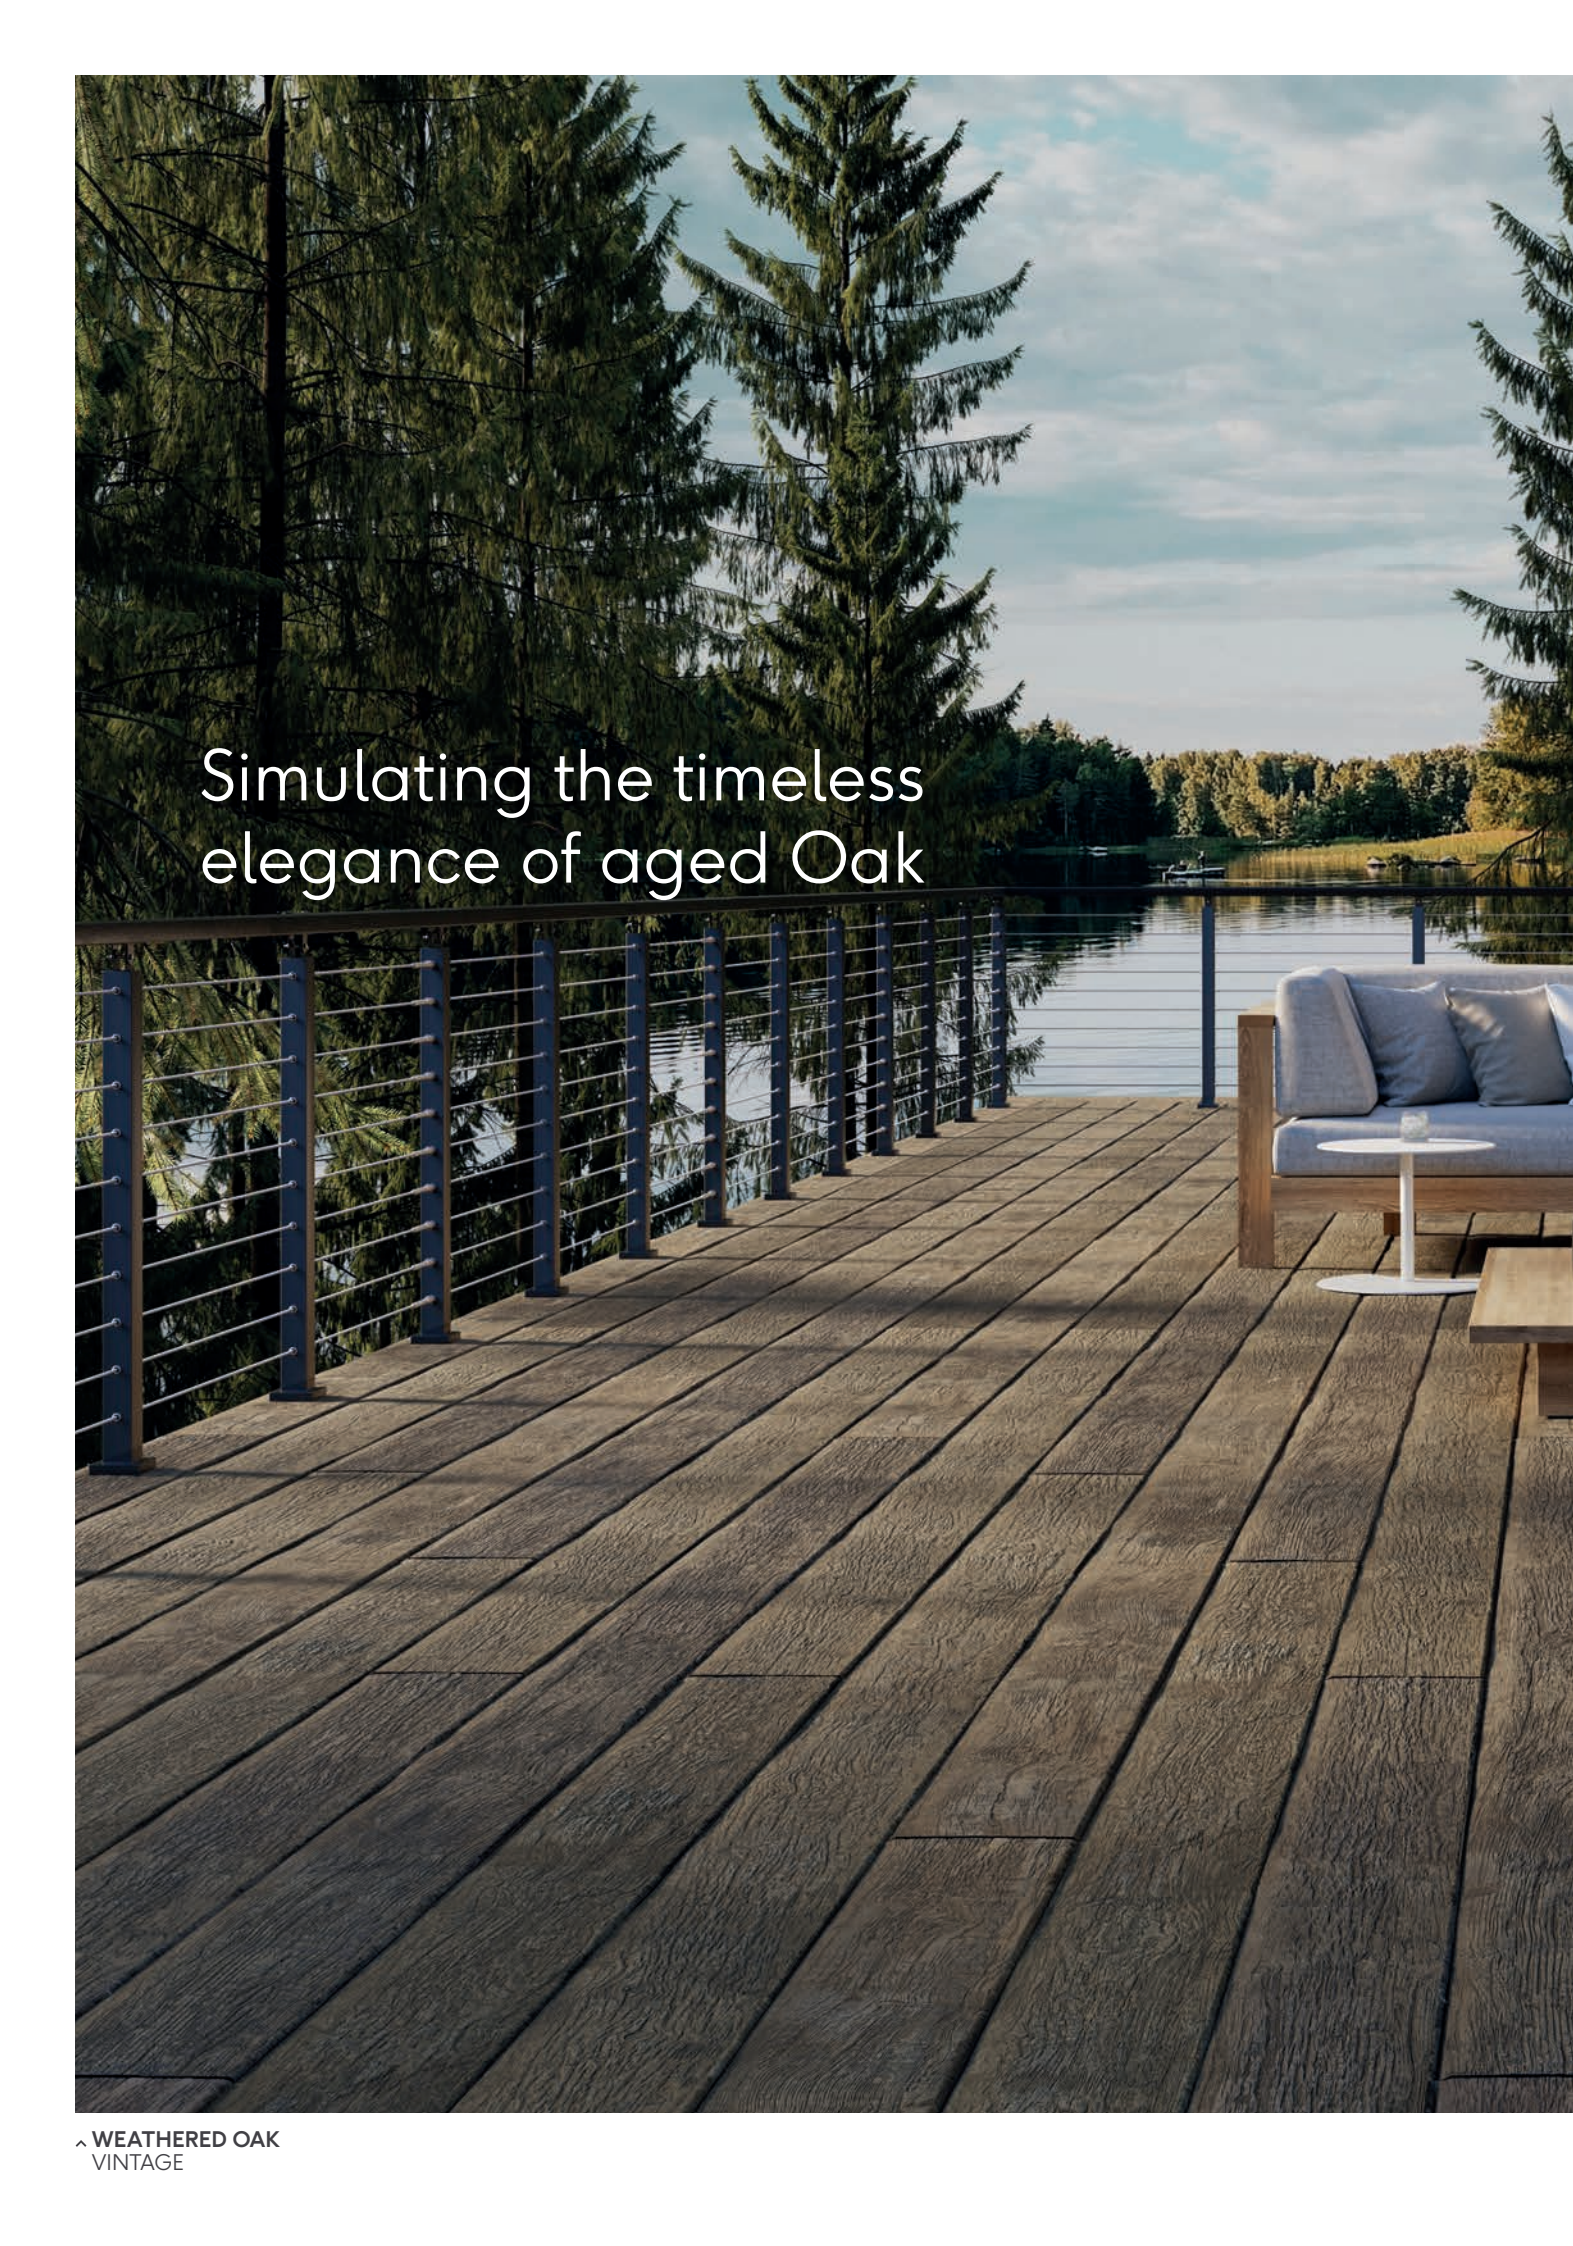

WEATHERED OAK ^
EMBERED

WEATHERED OAK ^
VINTAGE

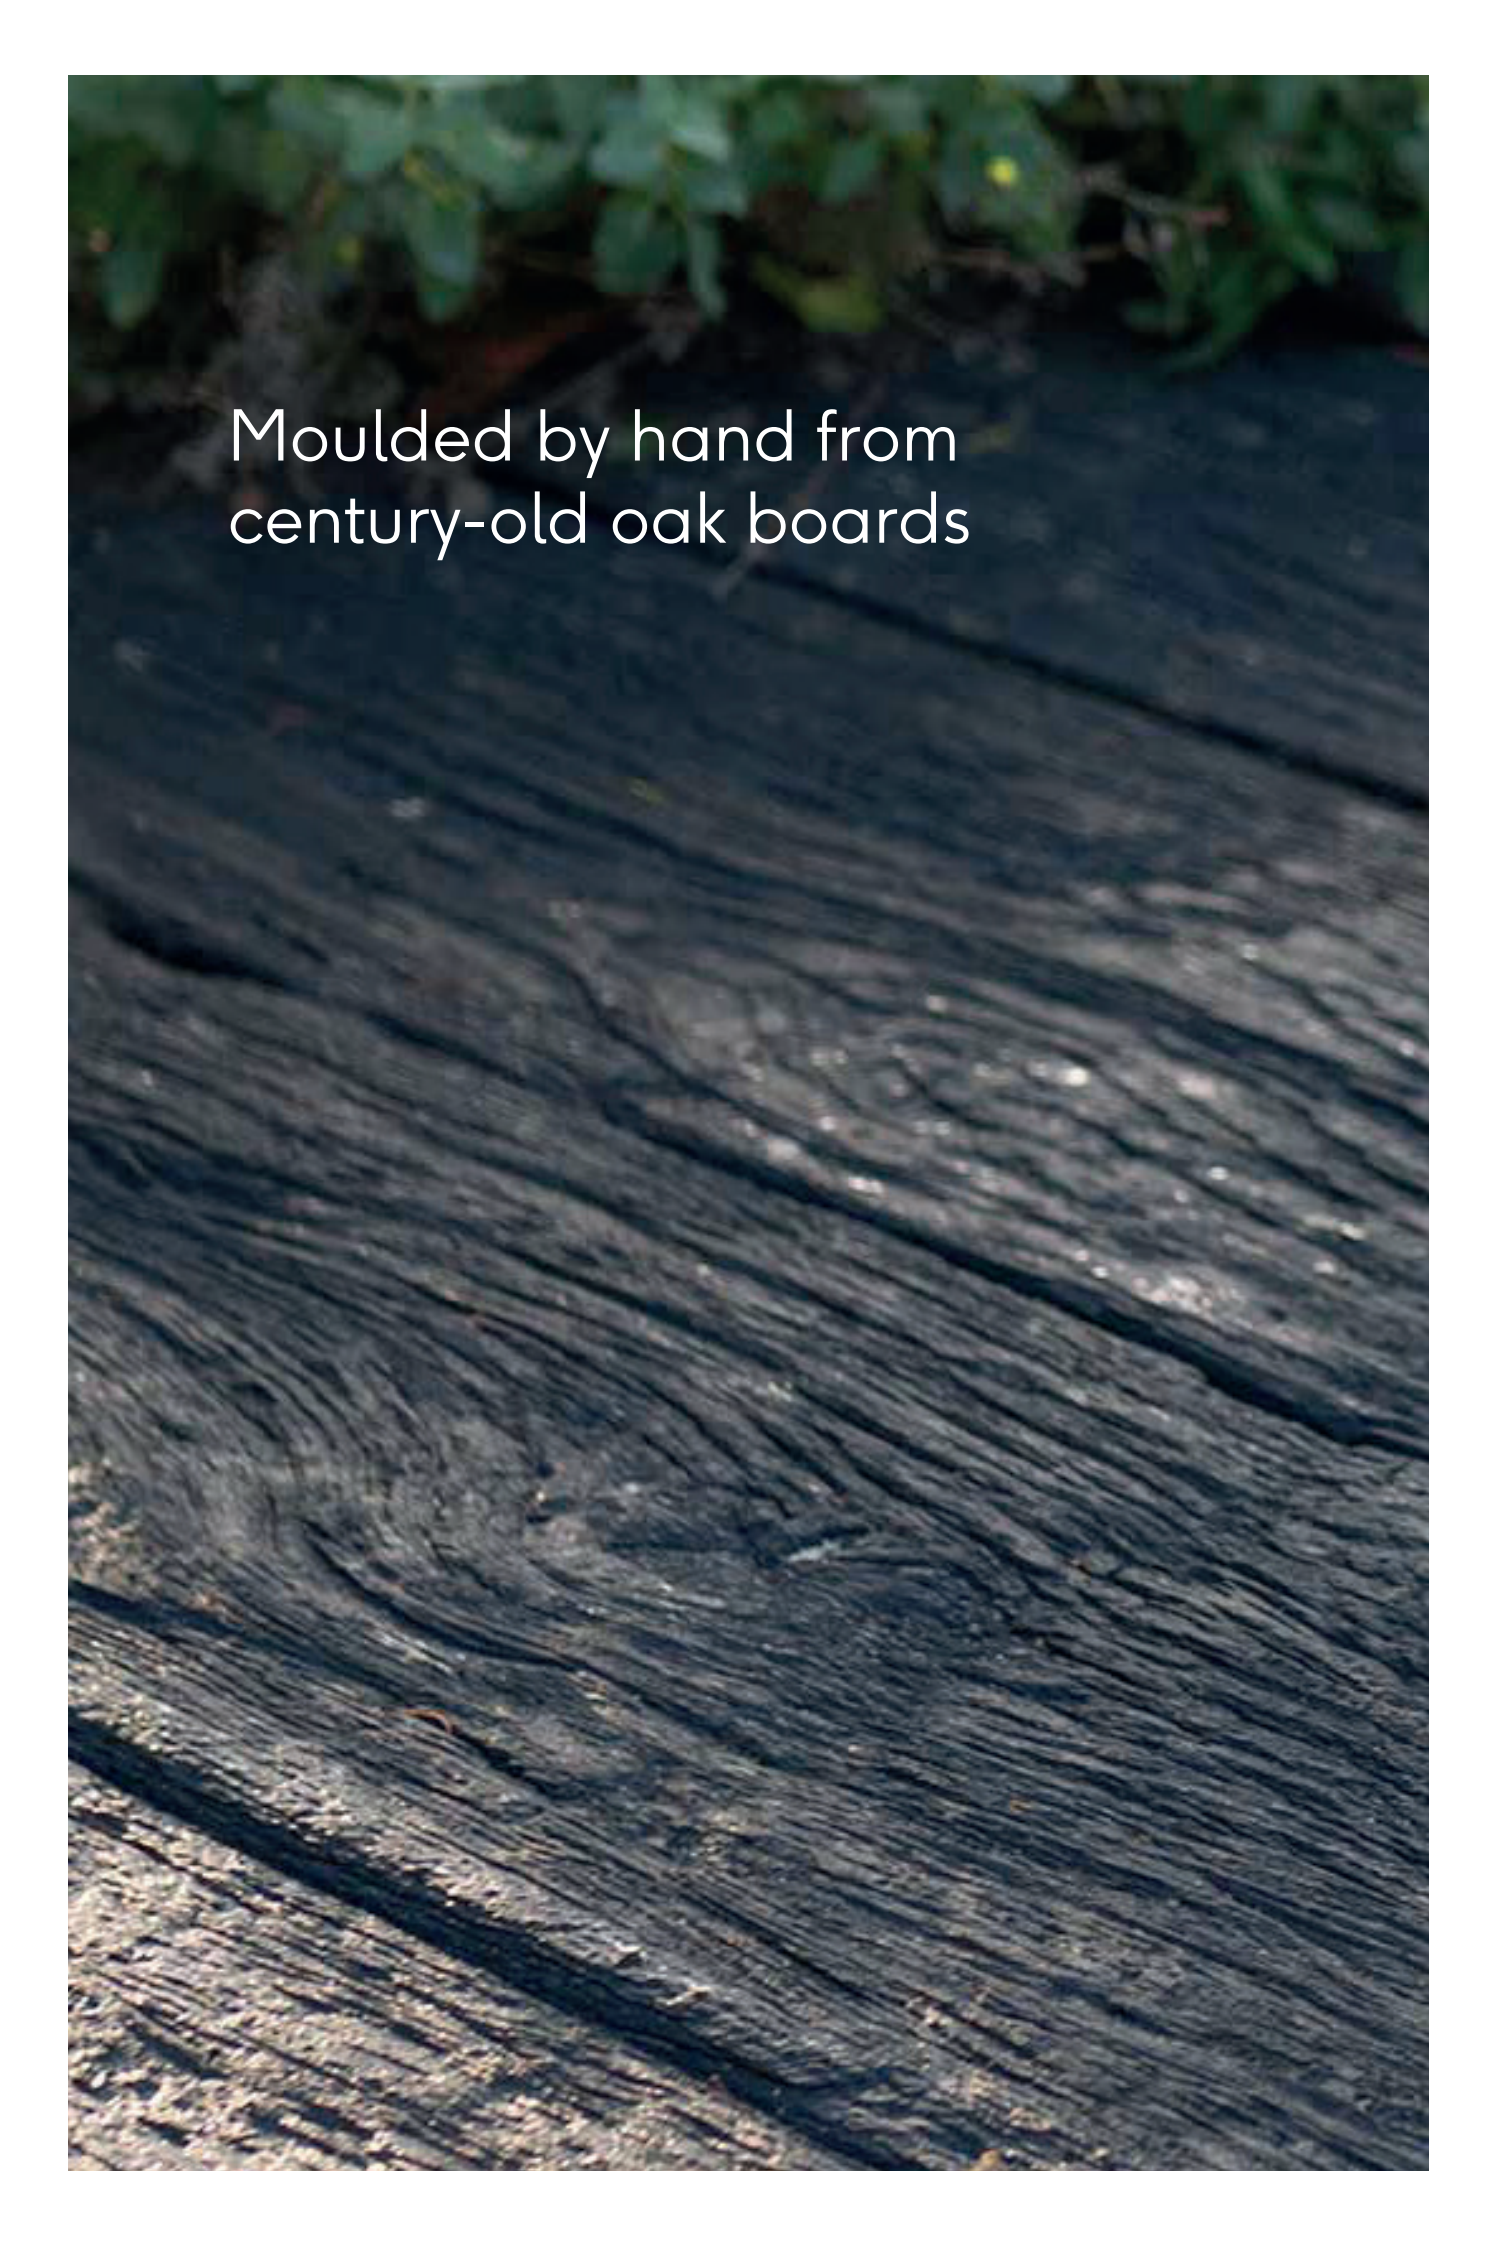

WEATHERED OAK ^
DRIFTWOOD

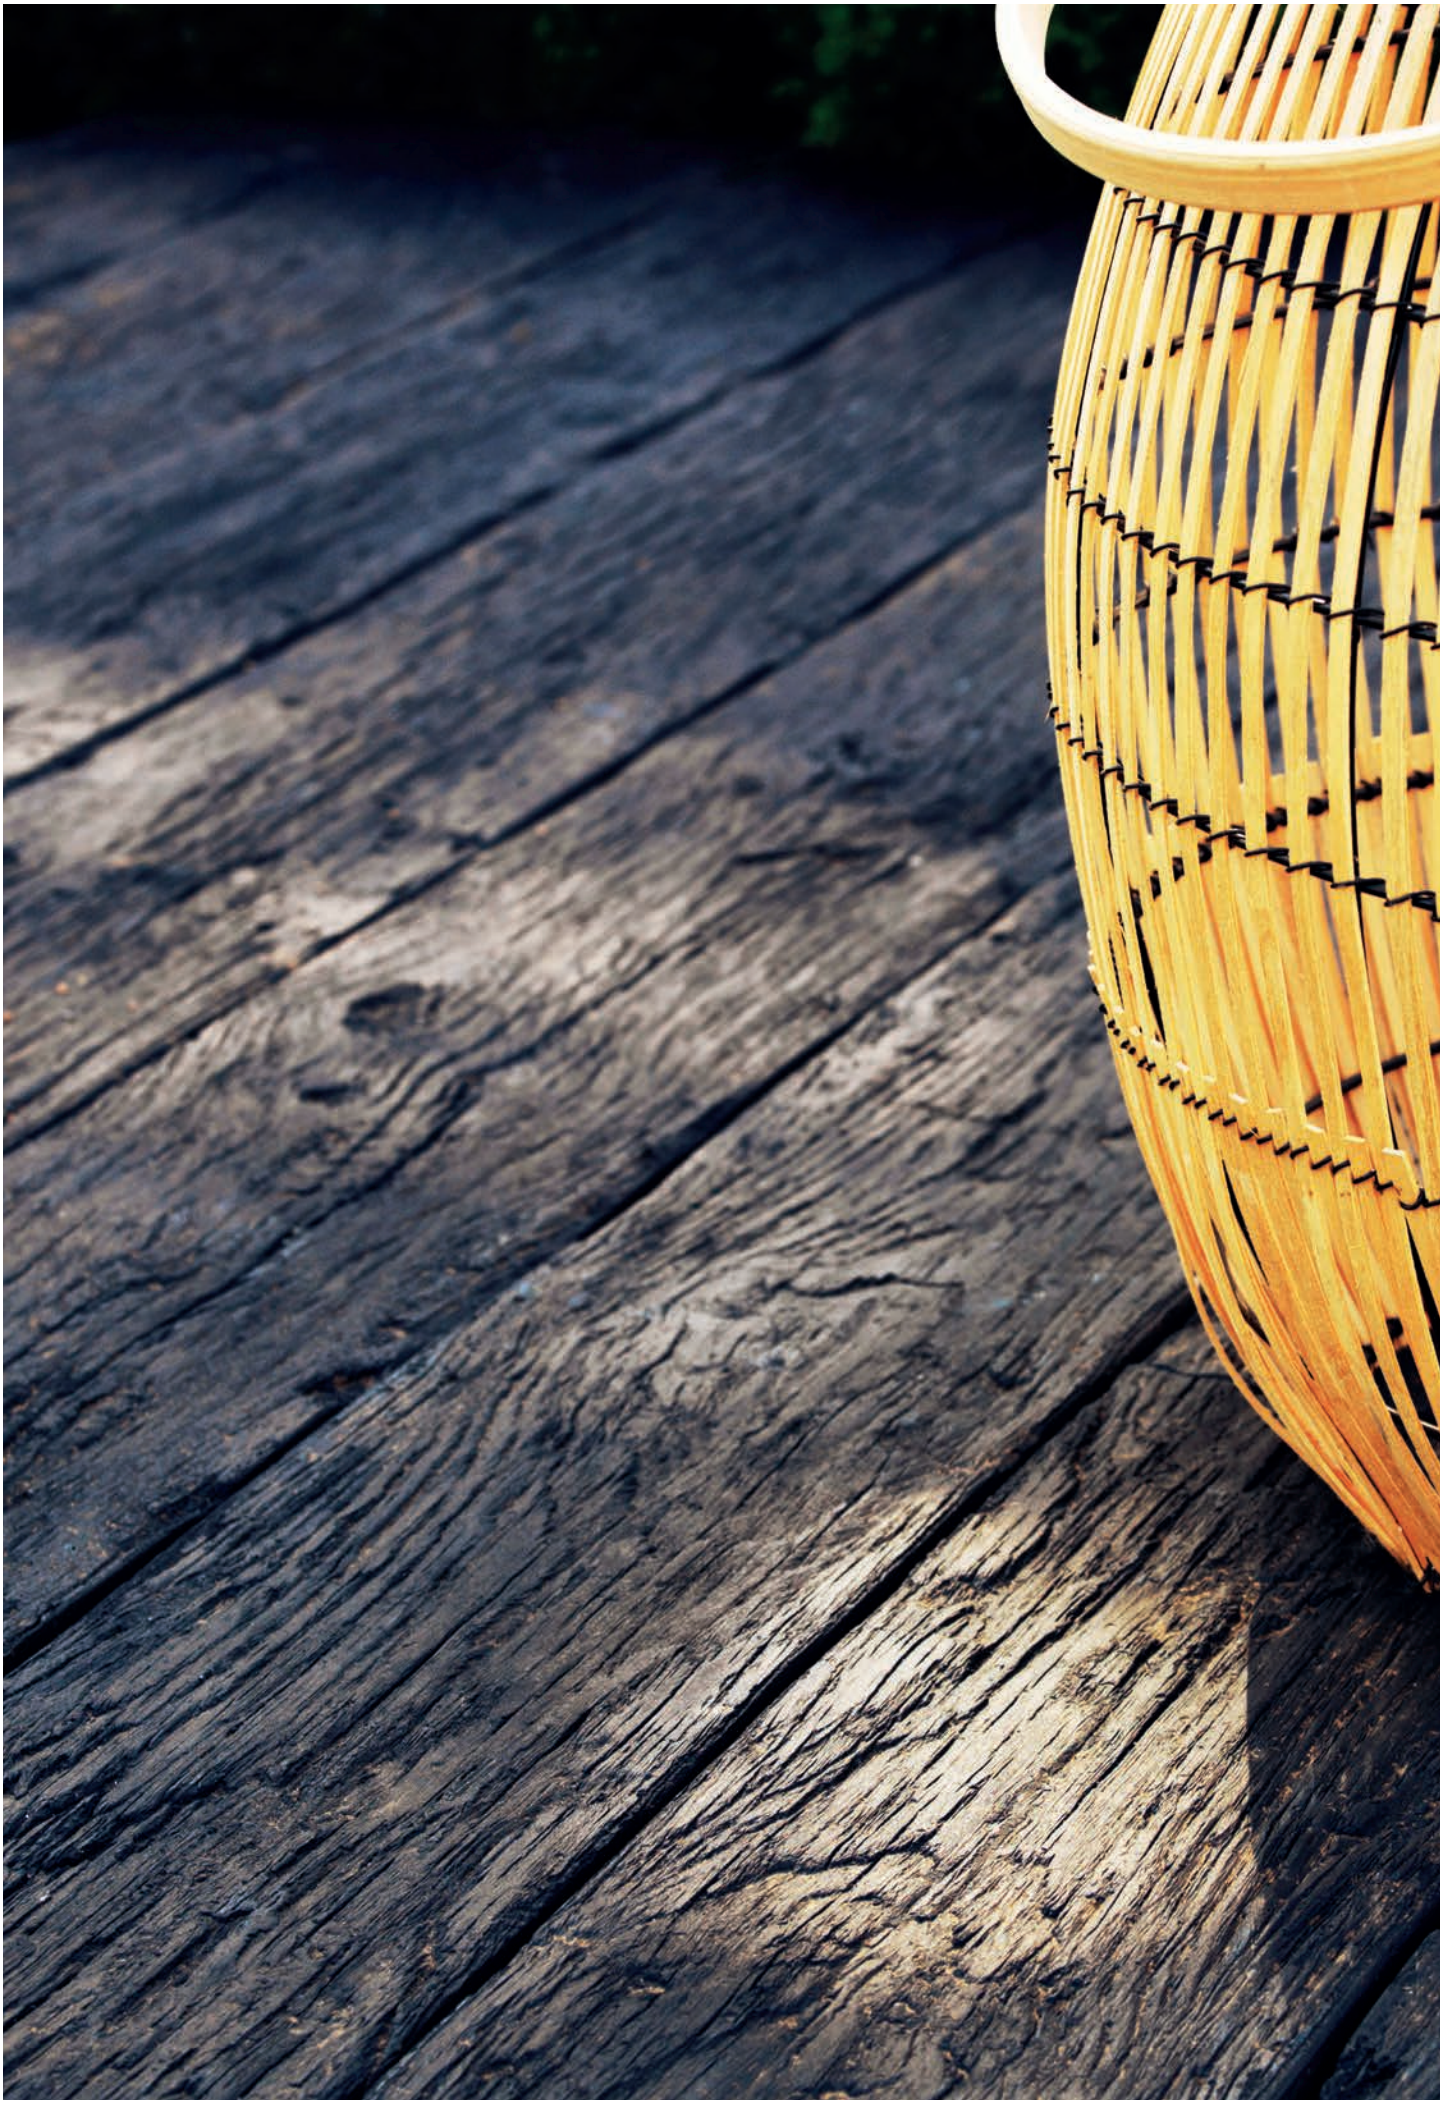

A wide-angle photograph of a modern outdoor deck. The deck is constructed from dark, weathered oak planks that run diagonally across the frame. A metal railing with vertical posts and horizontal cables runs along the edge of the deck. In the background, a calm lake reflects the sky, surrounded by a dense forest of tall evergreen trees. On the right side of the deck, there is a modern lounge sofa with light-colored cushions and a small white side table. The overall atmosphere is serene and elegant.

Simulating the timeless
elegance of aged Oak

A close-up photograph of a dark, weathered oak wood surface. The wood grain is highly textured and wavy, showing signs of age and wear. The color is a deep, dark brown/black. In the upper left corner, there is a blurred green plant with small yellow flowers.

Moulded by hand from
century-old oak boards

LASTA-GRIP

ADDED SAFETY | 2 COLOURS

Our Lasta-Grip collection combines the attractive appearance of our Enhanced Grain boards with a unique textured design that offers outstanding slip-resistance, without the rough feel of conventional gritted strip boards. Perfect for commercial areas where safety is paramount, but appearance is important.

DESIGNED FOR VERSATILITY

ENHANCED GRAIN 
LIMED OAK - OUTDOOR KITCHEN

Unlike other composites, Millboard possesses the remarkable capability to be 'shaped', enabling you to seamlessly craft stunning curved structures without any visible fixings. This is thanks to the distinctive composition of Millboard's 'Resin Mineral Composite' (RMC) core and its flexible 'Lastane' surface layer.

Available across all the range including flexible edgings and fascia.
