

MISSION

The National Intelligence Infrastructure Awards™ (NII Awards™), presented by the America First Academy of Arts & Sciences™ (AFAAS™), recognize real-world excellence across the emerging Artificial Intelligence Age and broader National Intelligence Infrastructure—honoring the people, organizations, and innovations strengthening America's economic competitiveness, national security, innovation, education, and long-term prosperity.

WHY IT MATTERS

- Artificial intelligence is becoming foundational infrastructure for the American economy, national security, education, healthcare, manufacturing, energy, communications, and government.
- Every transformative era ultimately establishes institutions that recognize excellence.
- The NII Awards™ are being established to become America's premier national recognition for Artificial Intelligence.

- ★ Official Historical Record™

FOUNDING PARTNER PHILOSOPHY

Organizations are not simply sponsoring an event.

They are helping establish an enduring national institution.

Founding Partner positions are available only during the inaugural establishment of the Academy's national awards program.

Once allocated, Founding status becomes part of the Academy's permanent institutional and historical record.
