Ladies Golf

Reported by Anne Douglass

Tuesday, September 1st

Tuesday mornings are now a bit cooler, but the sun did come through, and it warmed up. Nineteen women arrived to play, converse and enjoy all that ICC has to offer. Everyone played a regular nine-hole game.

- First Place - Tie - Eliza C and Pam F with a score of 43
- Second Place - Donna D with a score of 45
- Third Place - Mikey B with a score of 46

- Putts - First Place - Linda A with 11
- Second Place - Eliza C with 13
- Third Place - Donna D with 14

High School Golf

DISHS students will be playing their second home-game match on Wednesday. As usual, no tee times will be made after 3pm and the match will begin when all teams have arrived. Players must vacate the greens upon the start of the match. Thank you for understanding. Good luck, DISHS!

Crazy Golf

Mark your calendars- the fan favorite tournament will be happening this Sunday, September 13th. Also known as Superintendent's Revenge, this event is sure to show if Keith thinks you've all been naughty or nice this season! Sign up is posted in the proshop. Roxanne will be in the kitchen whipping up something wonderful while everyone plays!

Tennis

Our visiting tennis pro, Will Mason, is still holding clinics on Wednesday mornings at 9am. We need at least 3 people signed up each week to continue hosting them. Don't miss out on this fabulous opportunity to work with a pro!

Pickleball

Open Pickleball continues this week: Thursdays 9:00-12:00 and Saturdays 2:00-5:00. Intro to Pickleball sessions have wrapped up for the summer. More of those will happen next year. Also, we're looking forward to having a visiting pro run a clinic or two next year, with coaching for all levels!

GOLF NOTICE- PLEASE READ

A brief message from the Superintendent,

At the Annual Membership Meeting, there was a question as to why chipping onto the new Practice Putting Green is prohibited. I will try to address this question better than simply "because I said so!" Even though we are technically past the "grow in period" for the Practice Putting Green, chipping onto the new green risks severe damage to the fragile, and yes still developing turf.

- **Ball Marks and Surface Gouging:** The sandy soil below the new turf is still too soft and cannot withstand the impact of balls hitting the green. These marks are often not visible, but can certainly ruin the smooth surface required for putting.
- **Soil Compaction:** Heavy foot traffic and the impact of balls landing on the soft, new green pack down the delicate soil. This stops water and air from reaching the still shallow and weak roots.
- **Sickness and Disease:** Open scars and torn blades of grass create entry points for fungi and other diseases that spread quickly across the turf.
- **Etiquette and Course Rules:** By prohibiting chipping onto the new practice putting green, we are protecting the club's investment. Most courses require players to use dedicated practice chipping areas. While we do not have this dedicated practice chipping area yet, the hitting net is available as is the old #7 green to chip onto.

So please, Do Not chip onto the new practice putting green. I hope this helps.

Keith
