Important Account Information:

To ensure seamless service and scheduling, we require a valid credit card on file. Please take a moment to:

Pre-pay: You can also pre-pay using your customer portal If you do not want to have CC on file.

Verify or Update Your Credit Card: If you already have a card on file, please ensure it's up to date.

Cash App Option: If you prefer, use a cash app card as a card on file, I know a lot of people do not like sharing CC information with our CC processor (Stripe) so I know a lot use Cash app to pay this keep your bank account secure.

Corporate Accounts & Day of Service Payments: Please note that corporate accounts and customers paying on the day of service are exempt from the credit card on file requirement.

If you do not do one of the above we will not be able to service your yard till it is paid in advance or have CC on file. [Add Credit Card](#) .
